CHEAP ARMOR PLATE

Inventor Carpenter Says He Can Cut Government Price in Half.

Reading, Pa., Aug. 19.—J. H. Carpenter, founder of the Carpenter Steel works, this city, of which he was formerly general manager, has prepared a statement showing that the steel armor plate can be furnished to the government at a trifling figure compared with what is now being paid. Mr. Carpenter is a well known steel expert inventor, and was formerly in the United States navy. He has made nearly \$44,000,000 worth of projectiles and a \$500,000 order is now being filled by him. His price is so far below the government limit of \$300 a ton that when the Bethlehem and Carnegie companies say they cannot meet it with their Harveyized nickel steel plates it occasions the armor plate board much surprise. Mr. Carpenter claims that by new pneumatic processes steel of the best physical properties and chemical conditions can be uniformly made and much waste avoided. A plant can be built for less than half the money stated, and the steel can be made and cast in a quarter of the time. Experts in steel and government inspectors of manufactures seem satisfied of the value of the processes and his ability to perform his promises. His estimates of cost have been compared with the cost sheets forwarded to congress by the examining board and found to agree, except where less work is done. Originally Mr. Carpenter's plans were to organize and equip the works himself, but now he concludes to give the option to the government. If it is declined he says he will organize his own company and sell the armor plate at \$150 per ton, allowing \$50 for profit and contingencies. The board has written him that it will be ready to consider his proposition in a few days.

PINGREE'S SHOEMAKERS STRIKE.

Declare They Do Not Want to Arbitrate Any More.

Detroit, Mich., Aug. 19.—Pingree & Smith's shoe factory, the only union shoe shop in the city, was tied up at noon today by a strike of the bottomers. About 70 hands are affected. The firm is willing to arbitrate the difference, but the men claim they have always got the worst of arbitration and demand an increase in the price of certain grades of shoes.

MINERS' OFFICIALS

Gathering in Columbus, Ohio, In Obedience to a Sudden Call.

RATCHFORD'S TALK

Miners Must Necessarily Depart From Their Previous Policy—Strike News.

Columbus, Ohio, Aug. 19.—The national executive committee of the Miners' association was called to meet here today. Some members arrived late. Mr. Dolan, of Pittsburgh, being asked why they were late, he said he did not know, having been summoned without explanation. At headquarters Secretary Pierce said they did not have any news to give out except that the committee was arriving. The miners' executive board adjourned at 11 a. m. until 1 p. m. to adopt other methods of absent members of the board. All of the board, says President Ratchford, are expected to be here except Fred Diller, who is looking after the official affairs of the organization in West Virginia. He was asked to forward the proposed action of the executive board today. President Ratchford said:

"The conservative policy adopted by our board at the beginning must necessarily be departed from because of the extreme radical policy of the other side. We prefer a fight, a battle along with the miners, but our board will be invited to test the actions of the other side and also to take steps to extend the fight into the fields. We have to adopt other methods to meet the injunctions. Our people being arrested in a wholesale manner for holding public meetings, and we do not propose to have injunctions break this strike."

COAL TRAINS ATTACKED.

Ugly Outbreak By Presumed Mining Strike Sympathizers.

Columbus, Aug. 19.—A special to the Dispatch from Wheeling, W. Va., says: "The coal trains are being attacked by the miners. The Cleveland, Lorain & Wheeling track at Barton last night, attacked a passing northbound coal train. As the train passed a volley of stones was sent at the train wherever one was in view. Fireman Little was struck by a stone in the head and quite badly cut. Later another train at the same time collided with a pile of empty barrels, which had been put on the track used for the train. The train was run by Engineer Leggett was looking out for trouble at this point and was running at a slow speed, preventing an accident. Every effort is being made by the county authorities to apprehend the guilty parties."

WEST VIRGINIA STRIKERS.

Condition of the Strike There Decidedly Mixed.

Wheeling, W. Va., Aug. 19.—The strike situation is decidedly mixed in West Virginia today. The news that the Pittsburgh operators have decided to resume at all hazards, and the report that Dolan and representatives of the operators have asked Ratchford to come to Pittsburgh with a view of settling the strike, had a depressing influence upon West Virginia miners. The hope has been held out to them that when a settlement came they would be consulted, and that a scale of wages that would help them would be enforced. But if Pittsburgh is to make the settlement all hope of this is lost. The camp at Montana is still a lively place, the presence of the strikers' wives adding much to the gaiety, and no thought of sorrow for the men on trial at Clarksburg seems to be entertained. In the New River region five miles were closed yesterday in the Kanawha valley but one mine went to work. On the Norfolk & Western there is no reduction of output and no organizers are in sight, all but two of the peddling Dyers are heading are closed, including Eastern Ohio, and for the use of natural gas every industry in the Middle Ohio valley would be closed.

PLUM CREEK MARCHERS.

Stopped By Sheriff's Deputies on a Public Road.

Pittsburg, Aug. 19.—The campers at Plum Creek marched at 5 o'clock this morning, according to their announcements, but they were stopped by the deputy sheriffs and turned back to their camps, where the sheriff has concluded they can remain as long as they are orderly. The deputies took a high hand in the affair this morning, and none of the strikers were allowed to be on the road, even though they were in pairs and 100 yards apart. The strikers did not stop to argue the matter, but obeyed the officers of the law without a murmur.

AN ADVANCE DEMANDED.

Pennsylvania Miners Ask an Increase of Mining Rates.

Reynoldsville, Pa., Aug. 19.—At a meeting of about 1000 miners and laborers of Big Soldier, Sprague, Hamilton and Peole mines, near here, it was decided to demand an advance in wages from 25 to 35 cents per ton for machine mining, and for 30 to 40 cents per ton for pick mining; other wages in proportion. In regard to the check weighmen's pay. A committee was appointed to call on General Manager Robinson and to make the demands. Meanwhile arrangements were made to call meetings at all the other

mines of the Jefferson and Clearfield Coal and Iron company with a view of having the men demand a similar advance, and all possible influence will be used to extend the strike into the Clearfield county collieries. There are now 1500 strikers here. Organizer Harris is confident the men will win. A six-foot fence is being built around the Jefferson and Clearfield Coal and Iron company's Big Soldier works, and it is reported that new men will be started to work.

DETERMINED TO START.

Operators Will Give Strikers a Chance to Arbitrate.

Pittsburg, Aug. 19.—The operators are determined to start their mines, but many of them are willing to submit the question to arbitration before taking any radical steps towards ending the strike, and with this in view an effort is being made to have a conference of mine owners and the miners' officials on Saturday. If an agreement cannot be reached at this conference, then the operators will immediately prepare for a resumption with new men. The operators admit that a plan of action has been decided upon, but refuse to say what mines will be started first. The report that Pinkerton was to be employed was denied, but it was given that the men would have ample protection.

THE IOWA MINERS.

Oskaloosa, Iowa, Aug. 19.—The meeting of Ohio miners called to assemble in Oskaloosa, Iowa, was not largely attended. The meeting was called to order, but on account of the small attendance it was adjourned until after noon in hopes that later trains would bring in more delegates. Those in attendance are almost wholly from local mines.

WILL EXCLUDE REPORTERS.

Peoria, Ill., Aug. 19.—Only seven or eight Illinois coal mine operators were present here this morning. Without transacting any business they adjourned until this afternoon to await the arrival of others. Heretofore reporters have been admitted to the meetings. Hereafter they are to be excluded.

MAY RESUME SOON.

Knoxville, Tenn., Aug. 19.—Russell A. Clapp, president of the Southern Jellico Coal company, has returned from Jellico, where, for the past week, a conference between the company and the miners has been in session. Mr. Clapp's opinion is that the strike will be ended by the first of the coming week, for all the mines in the district. In Mr. Clapp's opinion a settlement will be reached by the first of the coming week so that work may be resumed by Sept. 1.

CAMPS TO CONTINUE.

Pittsburg, Aug. 19.—Capt. Bellingham was back in camp today and denied that the camps were to be abandoned. The strike will be continued until the end of the strike, and the reduction in the number of men was necessary in order to carry out secret orders, which could not be done with a large force.

A TERRIFIC SHOCK.

Powder and Dynamite Magazine Struck By Lightning and Blown Up.

Buffalo, N. Y., Aug. 19.—What was at first thought to have been an earthquake, felt at a score of places along the lake this morning, turns out to have been the blowing up of a powder and dynamite magazine at Port Colborne, Ont., about eighteen miles from here.

About 5:30 this morning lightning struck the magazine of John Reed, located a half mile west of that place. It was a small frame and stone building, the foundations of which were in bad rock, in which Mr. Reed kept a quantity of gunpowder and dynamite. The shock shattered windows in all the houses of Port Colborne, woke all the residents of the town and heaved up the waters of the Welland canal. The only person nearby was a watchman employed in a lime kiln and glass factory. He escaped unhurt. There is nothing left to show where the lightning struck.

EVANGELICAL LUTHERAN SYNOD.

Northwestern States' Representatives Gather in Watertown, Wis.

Milwaukee, Aug. 19.—A special to the Journal from Watertown, Wis., says: "The session of the general Evangelical Lutheran synod, comprising Michigan, Wisconsin and Minnesota and other Northwestern states, opened today at St. Mark's Lutheran church in this city with service and a sermon by the president, Professor A. F. Ernst of the Northwestern university. There will be three morning sessions and two afternoon sessions. One topic to be discussed will be the publishing of a synodical paper in the English language and the founding of an English theological seminary and generally carrying on English missions. The meetings of the synod will last until next Monday."

MILL DUST EXPLOSION.

Fatal Results In a Syrup Factory at Davenport.

Davenport, Iowa, Aug. 19.—An explosion of dust knocked out two walls of the elevator of the Davenport syrup refinery today. Two of the men in the elevator were killed and sixty feet of the building were blown away. A farmer, was fatally crushed and a year-old daughter was killed. Frank Stevens was injured. The building took fire immediately and was destroyed and the loss is \$15,000, insured.

A CARLIST UPRISING.

Said to Be Imminent In the Chelva District.

Madrid, Aug. 19.—Unconfirmed reports are in circulation at Valencia to the effect that the Carlists in the district of Chelva are preparing to rise.

IOWA POPULISTS

Des Moines the Scene of a Middle of the Road Convention.

RICKER'S ADDRESS

The Populists Counseled to Stand Alone In All Future Political Campaigns.

Des Moines, Iowa, Aug. 19.—Two hundred delegates were present today when the middle-of-the-road Populist state convention was called to order at 11 a. m. by Chairman A. W. C. Weeks, of Whiteside. A. W. Ricker, of Iowa City, temporary chairman, addressed the convention as follows:

The present condition of society, where a few take all that the many produce, is the direct outgrowth of the competitive system. It is useless to simply say palliative to this condition. Heroic treatment is demanded. Nothing short of the absolute destruction of the competitive system, as applied to those things which are in themselves essentially public utilities or public necessities, will relieve society from the load under which it is at present struggling. The competitive system is at variance with the laws of God, the tenets of Christianity and that very liberty which we hold sacred above all things also, and no reform party, I care not by whom championed or how aggressive may be its campaigns, can ever succeed in holding the suffrages of the people unless it recognizes this fact. The convention held in this city May 21, called by the chairman of the Populist party state central committee, deliberately and seemingly willingly abandoned the principles of the Omaha platform, gave up the name of the party, adopted the name of Democrat, and in this act became absorbed into the Democratic party. It is useless, therefore, to expect a continuance of the battle from this organization. The much-vaunted Chicago platform in not one line or sentence makes an open and direct attack upon present economic system. The attitude of the Democracy in Maryland and other states has convinced me of the futility of expecting even a modicum of relief from the Democratic party. We united with the Democracy in 1896 because of the nomination of Bryan, who lacked only the name to make him a Populist, and the Democracy had taken a step in advance. Bryan is not now the Democratic party as he was practically in 1896. A partisan press tells us that prosperity is returning. Do not be deceived. So long as capital has it in its power by combination to levy fixed charges upon the industry, the Democracy is not a party, it is a class, and it is therefore, to expect a continuance of the battle from this organization. The much-vaunted Chicago platform in not one line or sentence makes an open and direct attack upon present economic system. So long as capital has it in its power by combination to levy fixed charges upon the industry, the Democracy is not a party, it is a class, and it is therefore, to expect a continuance of the battle from this organization. The much-vaunted Chicago platform in not one line or sentence makes an open and direct attack upon present economic system. The attitude of the Democracy in Maryland and other states has convinced me of the futility of expecting even a modicum of relief from the Democratic party. We united with the Democracy in 1896 because of the nomination of Bryan, who lacked only the name to make him a Populist, and the Democracy had taken a step in advance. Bryan is not now the Democratic party as he was practically in 1896. A partisan press tells us that prosperity is returning. Do not be deceived. PERSONAL PROPERTY

Total Assessed Valuation
According to the Board of
Equalization Figures.

CITY AND COUNTY

The Valuations in Duluth In-
creased \$300,000 Over
the Assessor's Figures.

By a report just completed in the auditor's office it is shown that for 1897 the total assessed valuation of the personal property of the county as equalized by the board of equalization is \$5,438,765. The assessor's valuation of the personal property was \$5,296,965, so the board of equalization increased the valuation \$141,800. The equalized valuation of the city of Duluth is \$1,438,852, and the amount returned by the assessor was \$1,317,177, so the board of equalization increased the valuation of the city \$121,675.

The report shows that the county has 2916 horses, of which 1882 are in Duluth; 2284 cattle, of which 1101 are in Duluth; 957 sheep, of which 801 are in Duluth; 402 dogs, of which 291 are in Duluth; 254 bicycles, of which 222 are in Duluth; 256 sewing and knitting machines, of which 178 are in Duluth; 1494 pianos, of which 1309 are in Duluth; and 652 dogs, of which 445 are in Duluth.

The values of all the articles of personal property in the city before the \$100 exemption is taken out, together with the total value of the same articles in the county, are as follows:

	City.	County.
Horses	\$6,288	\$1,148
Cattle	25,824	24,159
Sheep	1,502	1,792
Dogs	45	1,305
Bicycles	16,374	15,409
Sewing and knitting machines	45,229	58,609
Watches and clocks	45,229	58,609
Organic	4,125	3,907
Pianos	16,374	15,409
Household and office furniture	28,963	24,140
Agricultural implements	1,327	4,732
Gold and silver plate	10,753	11,161
Diamonds and jewelry	2,880	3,880
Planchettes, rosettes, etc.	375,450	275,620
Books and newspapers	30,137	29,043
Goods and merchandise	1,026,251	1,026,251
Manufactured articles	284,343	752,388
Manufactures machinery	41,268	552,251
Monies of brokers and stock dealers	9,900	27,900
Credits of same	610	3,505
Other mortgages	20,000	20,000
Other credits	2,450	3,529
Bonds and stocks	62,400	1,000
Shares of bank stock	62,400	1,000
Stock in foreign corporations	500	500
Stock and furniture of saloons, etc.	161,200	181,500
All other personal property	121,275	181,500
Elevators and water	202,750	204,140
Dogs	1,330	1,330
Total	\$1,438,852	\$5,438,765

SOLD POOR MEAT.

H. E. Krantz, a West End Butcher, Arrested on That Charge.

H. E. Krantz, a butcher doing business at 2012 1/2 West Fourth street, this morning told what he probably thought was a good stroke of business in disposing of a quantity of tainted mutton. His customer was Inspector Baker of the health department, and now the proposition looks different to Mr. Krantz. Within two hours after he had made the sale a warrant was out for his arrest and an officer was after him.

Meat Inspector Osterhout has for some time suspected Mr. Krantz of handling tainted meat. The inspector has kept as close an eye as possible on Krantz's place and has confiscated and destroyed a quantity of stuff there at different times. He made up his mind, however, that Mr. Krantz was smuggling tainted meat through and supplying it to his trade. Nevertheless, he laid a trap for him. Yesterday morning Inspector Osterhout, accompanied by a number of men, some particularly villainous mutton at Mr. Krantz's place. It was black and in smelting and displayed a quantity of the carcasses, a luxuriant growth of mold. The inspector notified Mr. Krantz that he could not take the meat, but omitted to kerosene it. When a customer in the person of Inspector Baker appeared this morning and inquired for mutton, Mr. Krantz offered the venerable piece with the board. The customer was "taken" and after a slight chaffing about the price the mutton was his. Mr. Krantz also became time, but he did not realize this until an officer loomed up later in the day.

DISPUTE OVER THE COSTS.

Question Which Has Arisen in a Recent Case.

A somewhat peculiar question has arisen in the case of the American Loan and Trust company, of Boston, against the Great Western Manufacturing company, in which the district court recently gave judgment for the closure of \$80,000 in first mortgage bonds. The court also gave judgment in favor of a number of claimants on labor liens, and the claimants have filed notices of taxation of costs in each case. Bailment notices were filed this morning, in each of which the statutory costs of \$10 are asked, besides other incidental costs. The court's findings no provision for costs are made, so the clerk has refused to tax up the costs. The plaintiff has taken objection to the costs, and the lien claimants allege that they are entitled to them. The matter may be brought before the court before it is decided.

Will Consult the Heads.

The mayor and Chief Hansen had a conference this morning in regard to reductions in the police force. Nothing will be decided upon in regard to reductions until after a conference with the heads of the various departments and the members of the board of public works. This will not take place until after Chief Black's return from his lake trip, which will be the latter part of this week or the first of next.

Duluth Van company for trucks, 25c.

CITY BRIEFS.

Cullum, dentist, Palladio, Phone No. 9. Smoke Endion cigar, W. A. Foote. Zweifels prize exhibit of photos in the window of Willett's ticket office. Phoenix block, attracts a great deal of attention.

The best musical talent in the city will take part in the testimonial concert tendered Miss Julia Donovan at Turner hall Thursday evening, Aug. 26.

Ed Nelson, a plain drunk, went up for ten days this morning.

Collector Willett has five children in custody of the government building. It is a position which goes to the collector of the port, he being the treasury department official. No salary given with it, however.

The general committee of the depositors of the Security bank met yesterday afternoon and decided to ask Assistant Macfarlane to run the estate committee. It is to wait on him and report to the general committee.

Mrs. Carrie Mayhew, wife of J. E. Mayhew, of Grand Marais, died at 5 o'clock this morning at the Woman's hospital after a lingering illness. She has been at the hospital for some time. She leaves her husband and five children. The funeral announcement will be made later.

The engineering department is at work getting out the plans for the supply of water from the low level reservoir to Fifteenth avenue east and Fourth street. They will be finished in about a week.

A bicycle party was given last evening by Mrs. F. J. Spriggs, of No. 124 East Fourth street, in honor of her sister, Miss Annie Korman, of St. Paul, who is visiting here.

Rev. C. C. Smith, Akron, Ohio, national secretary of the board of negro evangelization of the Disciples of Christ, will preach at the First Christian church on Sunday. Mr. Smith is on his way to the convention of the Christian churches of Minnesota, to be held in Minneapolis, Aug. 24-25, and will be a guest of Robert Greve, the pastor of the church here.

The ladies union of Morley Congregational church will meet Friday afternoon at 2 o'clock with Mrs. M. W. Turner at 1825 Dufferin street.

The children of the First M. E. Sunday school are enjoying a picnic outing at Lester Park this afternoon.

Louis Lyons was arraigned before Judge Edson this morning charged with the theft of a coat belonging to Peter Marren. The accused pleaded guilty and was sentenced to pay a fine of \$15 and costs or be confined in the county jail fifteen days. He went up.

There was a quite heavy frost in the vicinity of Duluth last night, though probably not heavy enough to do any great damage.

The baseball game between Company G and the Mission-Congregational ball team was held at Duluth last night. The game was a lively one, and it will be played at the West End grounds.

The last sailing of the Northern Steamship company this year from Duluth will be the North land, which will sail on Saturday, Sept. 11. Both boats will lay over for the winter at Buffalo and Duluth. They will see no more until next June.

Next Friday evening will be "ladies night" at the Klondike dance hall, a reception with dancing will be given. The matter will be given away tomorrow. They put up suit, 2. NEWS OF THE LAKES

The Escanaba Ore Shippers Still Refuse to Pay Forty-Five Cents.

AN ADVANCE LIKELY

Steamer Pathfinder Run Into at the Sault By Her Consort.

Cleveland, Aug. 18.—(Special to the Herald.)—Notwithstanding the advance tendency in Chicago grain freights, Escanaba ore shippers still refuse to pay 45 cents on single trips, but are offering it for three trips. Ore sales are quite active, however, and the advance is sure to come.

Arrived Duluth, Minn., Aug. 18.—(Special to the Herald.)—The American whaler steamship City of Everett, which brought the American food relief to the starving natives, has been chartered for a trip to Valencia, Spain, and will arrive there at this time.

The children of the First M. E. Sunday school are enjoying a picnic outing at Lester Park this afternoon.

Louis Lyons was arraigned before Judge Edson this morning charged with the theft of a coat belonging to Peter Marren. The accused pleaded guilty and was sentenced to pay a fine of \$15 and costs or be confined in the county jail fifteen days. He went up.

or which he ran in the Lake Superior trade. A complication of nervous and stomach troubles was the cause of death. He leaves a widow.

MIDDLE OF SEPTEMBER. A large Cleveland ore shipper who is interested in vessel property is quoted as having said that he did not look for any improvement in rates until the middle of September. From that time to the end of the season there will be a big demand for tonnage, he said, and the close will be strong, which will mean much for next season. The same opinion previously is held by the vessel owners of this port.

Two Harbors-Cleared: Crescent City, Majestic, Fryer, Maruba, Bando, Cleveland, Queen City, Buffalo, Curry, Chicago, 120, Fairport.

COLLISION AT THE SAULT. Sault Ste. Marie, Mich., Aug. 19.—(Special to The Herald.)—While entering the canal bound down this morning, the whaler steamer Pathfinder was run into by her consort, Sagamore. The Pathfinder's stern is shoved in and her hull damaged, and the Sagamore's hull is considerably damaged. Repairs will be made here.

THE CITY OF EVERETT. Calcutta, Aug. 19.—The American whaler steamship City of Everett, which brought the American food relief to the starving natives, has been chartered for a trip to Valencia, Spain, and will arrive there at this time.

The children of the First M. E. Sunday school are enjoying a picnic outing at Lester Park this afternoon.

A GENUINE ROUSING EIGHT-DAY AUGUST SALE!

Commencing Tomorrow, Aug. 20. The last and most important call of the summer season 1897. This is a grand final wind-up and let out of all remaining warm weather goods

At Half, One-third and One-quarter Of the Original Prices!

No such slaughter, no such destruction of values has ever been witnessed at any previous sale or sales. THE MARKET PLACE.

Ordinance For Its Government Is Being Drafted.

Assistant City Attorney Huestead is preparing a draft of an ordinance for the government of the market house. It is provided that stalls shall be sold at public auction when practicable, the leases to run one year. No person is to be allowed to rent more than two stalls. The rent will probably be placed at a nominal figure this fall in order to induce raisers of produce to take space. When they come to realize the advantages of such a place, no doubt is felt but that the market will become vastly popular.

A market master is provided for, with general oversight. He is to be provided with a set of standard weights and measures, by which all weights and measures used at the market will be tested. Stringent provisions are made in regard to cleaning stalls and utensils. It is provided that the market shall be closed at 11 a. m. on holidays.

Figuring on the Contract.

George Lydick, of Grand Rapids, who has been at the St. Louis for several days, left this afternoon for Minneapolis. Mr. Lydick is figuring on getting the contract for cutting the dam-

aged timber on the Leech Lake Indian reservation, which is to be let by the Interior department. He met E. Bender, in this matter, here today. Mr. Bender, coming this morning from Ashland on his way to Detroit, C. C. McCarthy, of Grand Rapids, who is looking after Mr. Lydick's interests, also came over from Ashland today.

Should Proceed Carefully.

"I hope the board of county commissioners will make no mistakes in closing its action by which it makes August 1st of next year the date for the registration of deeds in place of P. J. Borgstrom," said a business man to The Herald this morning. "I do not know anything about the bond the new official is going to put in, but the board should scrutinize it carefully and see that it unquestionably is all right before they accept it. By that I don't mean that there is any suspicion attaching to Mr. Borgstrom, but I state it as a general principle. An unexceptionable bond should be insisted upon in all cases. Another thing that the board should look into is the matter of citizenship. The new official may be all right as far as that is concerned, also, but I understand that he took out his first papers in 1892, and that there is no record in any of the courts of his taking out second papers. He may have done so, but the board should look these matters up before putting him in office."

A POWER SCHEME

Miners In Seine River District See a Chance to Use Water.

AT STURGEON FALLS

Great Amount of Power Goes to Waste—Mining at the Foley.

The miners, prospectors and others in the Seine River district of the Rainy Lake gold country are now engaged on a scheme that means much to them all. They are planning the formation of a power company to utilize the power that has been running to waste over Sturgeon falls for centuries. The falls are splendidly situated and were formed by nature as though they were meant for just this purpose. It will be a very simple matter to harness the ample force provided by them, and it will make a large factor in the development of the Seine River country. The plan is to organize a company among those who are interested and furnish power to supply the whole section. This electricity will be used to operate mills for lumber and quartz, to operate drills and other work about the mines, and to furnish electric light and power

for all the towns in the section immediately surrounding Sturgeon falls. The source of heat and power now is wood, and even in a country where wood is as cheap as it often gets, it is figured by the promoters of the scheme that the falls will furnish power at a cost of not to exceed 35 per cent of that of wood. Those who have looked into the scheme say that it is entirely feasible, and its promoters are in earnest and will make it a go in a short time.

J. H. Chevvett, the well-known Toronto engineer, has made a report on the Foley mine and its operations which contains some information that will interest everyone who is connected in any way with a Rainy Lake property. He was asked by the Foley company to look into the present cost of mining and milling, and the estimated cost with the new compressor plant which is now on the ground and in process of erection. As a result he gives some estimates of the cost of mining in the Seine River district that help to show something of the possibilities of that country. He finds that while the system of hand-drilling now in use costs \$1.50 per foot, the same work can be done by the power drills for 35 cents per foot. While one man hand-drilling only accomplishes eighteen to twenty inches per shift of ten hours, the power drills will make thirty feet in the same time.

With the new plant he has made an estimate of the whole cost of mining, and the result is as follows: Mining from a vein 3 to 5 feet wide, \$2.50 to \$4 per ton; from a vein 2 to 3 feet wide, \$4 to \$5; from a vein 1 to 2 feet wide, \$5 to \$6. This he finds to be a reduction of nearly 50 per cent in the cost per margin for profits. Of course his conclusions will apply as well to any other property similarly equipped. Taking the low average yield per ton of \$15, with a 10-stamp mill using ore about fifty tons per day. With an average cost of \$3 per ton for mining and milling, this would leave a profit of \$12 per ton. Fifty tons per day would mean a profit of \$600 per day. This is on only ten stamps, and on a somewhat

limited scale. The Alaska-Treadwell

mine, for example, on \$5 or \$6 quartz, and its dividends up into the very big figures. It takes very little figuring to show what the possibilities are, though it is not so attractive to the average mind as the simpler operation of placer mining.

Socialist Meeting Tomorrow.

A socialist meeting will be held tomorrow evening at Kalamazoo hall, which will be open to all working people of Duluth and all other persons interested in the subject of socialism. Ladies are included in the invitation. The principal speaker of the evening will be Al. Gernon Lee, of Minneapolis, who will discuss the labor question from the standpoint of the Socialist Labor party. Mr. Lee comes to Duluth under the direction of the state committee of that party, and expects to organize a local section after the meeting.

Tomorrow Evening's Concert.

It is expected that the People's concert at the Bethel tomorrow evening under the direction of J. G. McDermid will be a very pleasing affair. E. P. Gates, of Minneapolis, who is the guest of Mr. and Mrs. N. C. Kingsbury, will sing. He has a tenor voice of excellent quality. Others who will take part are: Miss Julia

THE OUTLOOK GOOD. LOOTED BY PIRATES.

Facts Which Show That Prosperity Will Again Smile on Duluth.

New York, Aug. 20.—(Special to The Herald).—In answer to the request of the New York Journal for his opinion of the prospects of business revival in Minnesota the coming autumn, Mayor Truesen of Duluth telegraphs the following: "The outlook for the fall trade at the head of the lakes is very promising. There are prospects of a splendid yield of wheat in Minnesota and the Dakotas, which will command good prices on account of the short crops elsewhere and will bring money in abundance to the Northwest. The lumber market is in splendid condition, with demand good at advanced prices, guaranteeing heavy operations in lumbering next winter. Labor at the present time is in good demand at fair wages. Shipments of iron ore are heavy. All these facts prove that prosperity will again smile on the head of the lakes."

GOLLI GARROTED.

Assassin of Premier Canovas Del Castillo Executed in Spain Today.

San Sebastian, Aug. 20.—Michel Angiolillo, who shot and killed Senor Canovas Del Castillo, the prime minister of Spain, at the baths of Santa Agueda, on Sunday, Aug. 8, was executed at 11 o'clock this morning, according to the sentence of the court martial imposed upon him on Monday last, after his trial on the previous Sunday, which sentence was confirmed by the supreme council of war yesterday. Angiolillo heard calmly the news that he was to be executed today, but he appeared to be surprised at and bitterly complained of the frequent visits to him of the priests, declaring that he obtained nothing from him. He declined to enter the chapel, saying he was comfortable enough in his cell. An executioner from Bourges performed the garroting, just prior to which a priest, exhorting the anarchist to repent, to which Angiolillo responded: "Since you cannot get me out of prison, leave me in peace. I myself will settle with God."

PENALTY OF FRIENDSHIP.
Thibon, Aug. 20.—Isidore Ricci, an old friend of Michel Angiolillo, the assassin of the Spanish prime minister, Senor Canovas Del Castillo, has been arrested.

SAVINGS BANK CLOSED.
Mount Pleasant, N. Y., Aug. 20.—The People's Savings bank of this city closed its doors this morning and is now in the hands of the commissioner of out. According to the last statement made in January, the capital stock of the bank was \$100,000, with \$50,000 in deposits. George E. Newell is president and C. A. Carnahan cashier.

TURKISH PAPERS BARRED.
Calcutta, Aug. 20.—The Official Gazette today published a notification to the effect that the Turkish newspapers Sabah and Malumat will hereafter be prohibited from circulation in India.

THE TREASURY CONDITION.
Washington, Aug. 20.—Today's statement of the condition of the treasury shows: Available cash balance, \$220,915,183; gold reserve, \$141,002,321.

WHEAT AT ONE DOLLAR

For the First Time in Six Years Duluth Wheat Has Reached One Dollar.

JUMP OF SIX CENTS

Wild Excitement In All the Markets

--Due to the Great Foreign Demand.

The vision of \$1 wheat has been realized. Cash stuff sold at 1/2 a cent over that price on the Duluth board today. It was the first time that figure has been reached within six years. The best sales at \$1 being in August, 1891. The feeling in all the markets was strong and bullish and while there was a slight reaction near the close, the closing was strong and the indications pointed to a further rise tomorrow. The chief causes of the rise were higher prices at Liverpool, bullish crop estimates from Minneapolis and wide-spread damage to the crops in Hungary. The foreign situation was strong for wheat and flour to Liverpool and other foreign markets were promptly accepted and, although the French markets were relatively weak, Paris took all wheat offered. The export engagements at New York reach very heavy proportions. An advance of 6 cents in September wheat took place on the Duluth board, and similar gains were reported in the open markets. When cash wheat sold at \$1 at Minneapolis, a band, engaged by Charley Pillsbury, began to play and added to the excitement there.

THE RISE AT CHICAGO.

Scene of Wild Excitement as Wheat Went Up.

Chicago, Aug. 20.—Today 90% of wheat was bid for September wheat at the opening on change. Even at this price an advance of 3/4 cent yesterday, offerings were few and far between, and the market quickly ran up to 91 1/2c. Then the bears rallied. Fortunate holders of wheat let go in sufficient quantities to relieve the tension somewhat, and the price was pointed down to 90 1/2c before any rally occurred. After twenty minutes September wheat swung between 90 1/2c and about 91c, and about four-fifths of the time it was being sold at 91 1/2c. There it turned, and five minutes after 90 1/2c was being bid. The big factor was the Liverpool advance a gain equal to 2 1/2c. The break here yesterday, September had opened 5 cents higher at \$4.52, declined to \$4.50 and reacted to \$4.52. September rice opened 2 1/2c higher at \$5.10 1/2c and held steady at \$5.12 1/2c.

MURDERED AT SEA.

Meager Details of the Terrible Double Tragedy on the Schooner Olive Pecker.

Boston, Mass., Aug. 20.—A special cable dispatch to the Herald from Buenos Ayres says: Only meager details of the terrible murder at sea on board the 3-masted schooner Olive Pecker have as yet been received here. The crew of six men are at Bahia, over 1000 miles distant, and will be sent to the United States for trial at the earliest possible date. They are William Horsburgh, engineer, who acted as second mate at sea; J. Anderson, cook; Seamen Andrew E. Marsh, Manuel Barriat, John Lend and M. Barriat. The tragedy occurred about 125 miles off the South American coast, probably on Friday night. Complaints made by the men were on account of the hard work and insufficient food. John Lend and a companion whose names have not been given in the telegram received here crept to the cabin where Capt. Whitman and First Mate Saunders were asleep and killed both in their bunks. They then kindled a fire in the after hold. It was only when the schooner was in flames that the remainder of the crew knew anything of the tragedy, and when the alarm was given there was barely time to take to the boats, the captain and first mate being missed only as the party left the burning vessel.

The murderers found no sympathy among the other men, and the crime was reported to the Bahian authorities and Consul Shute immediately when the men reached shore.

TURKISH PAPERS BARRED.
Calcutta, Aug. 20.—The Official Gazette today published a notification to the effect that the Turkish newspapers Sabah and Malumat will hereafter be prohibited from circulation in India.

THE TREASURY CONDITION.
Washington, Aug. 20.—Today's statement of the condition of the treasury shows: Available cash balance, \$220,915,183; gold reserve, \$141,002,321.

ON THE DULUTH BOARD.
Higher Prices Than For Six Years Past.

Cash wheat sold on the Duluth board today at higher prices than have prevailed at any time since August, 1891. One car of old No. 1 northern wheat sold at \$1.00 and the closing quotation for cash wheat was \$1. September (Continued on page 3.)

WE ARE ALWAYS BUSY

Because experience and comparison has taught the public that year in and year out the best values are always to be found at the GLASS BLOCK. We don't continually jump into print with FAKE SALES or idle proclamations of GOODS AT HALF PRICE. This is not our way of doing business, and you'll find it makes a difference at the end of the year whether you trade here or somewhere else. A large contingent of our Fall Goods bought before the advance in the tariff has arrived and are marked at old prices. A few things still left of our Summer Goods have undergone a most unmerciful price cutting—CUT TO THE QUICK. STORE OPEN UNTIL 10 P. M.

SATURDAY BARGAINS!

DRESS GOODS.

Still coming in—new Fall Goods at old prices. Everything just as represented or money refunded. We mean business and are not fooling with it by foolish misrepresentation in vogue by unscrupulous advertisers. Our Silk and Wool Fancies that are as good as anything you will see this season at \$1.00, per yard 75c. Those beautiful Silk and Wool Plaids for Misses have gone so rapidly that we are trying to duplicate our order, they are worth \$1.00, take them while they last at, per yard 85c.

Black Goods.
We have a few pieces left on our table of those beautiful Brocades, \$1.00 goods, still selling at, per yard 75c. Black Brocade Mohair that you will not buy later less than \$2.25 per yard \$1.35.

HOUSEKEEPING GOODS.
Now is your time—all goods in this line cheaper than you will get them again during the next four years. All Muslins and Sheetings by the piece at manufacturers' quotations.

SILK DEPARTMENT.
The sales in our Silk department for the season are simply phenomenal. Reliable goods at prices that cannot be duplicated do it every time. Consider the saving you make in buying those Failles, Gros Grains and Rhadames, really worth up to \$1.00, at 49c. Or our Brocade Taffetas, Brocade Chinas, 98c quality, at per yard 69c.

UMBRELLAS.
Ladies' Gloria Silk Umbrellas, steel rod, natural wood handles, silk covers, that are being advertised as bargains at \$1.75, we are still selling at, each \$1.69. Our Gentlemen's Gloria Silk Umbrellas, 28-inch, are as good as you find at \$1.75 each, Saturday \$1.39.

GLOVE DEPT.
We will give you a line of Ladies' Kid Gloves of our own importation that will eclipse in value anything you have seen anywhere. Ladies' genuine French Kid Gloves, 4 new fall shades, worth \$1.00, per pair 63c. Ladies' Foster Lacing, in new reds, new tans, new browns, every pair fitted and warranted, per pair \$1.00. Our 3-clasp "Virgins," in new greens, new blues, new reds, new tans and new browns, with leather stitch backs, the best \$2 glove extant, our price, pair \$1.50.

LADIES' UNDERWEAR.
Look at our Worsted Plate Combination Suits in black and gray mixed that are worth \$1.50 per suit, each 98c. And again at our Swiss Ribbed Cotton Vests that you are in the habit of paying 35c for, at each 19c.

LADIES' HOSIERY.
We have an elegant line of Ladies' Fancy Hosiery, black boot and fancy top, drop stitch, easily worth \$1.00 per pair, Saturday 69c. We have also a line of drop stitch Richelle Ribbed Lisle Thread Hose, black boot and fancy tops, that you cannot buy anywhere else less than 75c, Saturday, per pair 50c.

BLANKETS.
Don't fail to look at our Manufacturers samples of blankets. The prices are from 33 1/3 to 50 per cent less than you can buy them later.

Housefurnishing Specials.
No. 8 enameled lined Iron Spiders, worth 30c, special 21c. Wood handled Graters, worth 5c, special 2 1/2c. Sad Iron handles, worth 12c, special 6c. Carpet Sweepers, high grade worth \$2.25, special \$1.59. Oil Stoves with iron base, worth 50c, special 29c. Folding Camp Chairs very strong, worth 25c, special 15c. Copper wire coat frames worth 5c, special 2c. Preserving Kettles, first quality steel granite, 6 qts., worth 55c, special 33c. Jelly or Fruit Funnels, worth 5c, special 2 1/2c. Fruit presses, the best made, a bargain at 35c, special 23c. 15 rolls Toilet Paper, worth 50c, special 25c. Lot Tin Wash Basins, worth 5c, special 2c. No. 8 Steamers, heavy tin, worth 20c, special 14c. 2-quart genuine Steel Granite Milk Pans, worth 18c, special 10c. 5-quart genuine Steel Granite Milk Pans, worth 30c, special 17c.

GROCERY and Glassware Specials.
Prices lower than ever right in the face of a 20 per cent increase in duty. Fire proof jars with bails, 2 in set, worth 25c, special 15c. Lot of fancy glass Sauce Dishes, special each, worth 30c each, special 1 1/2c. Plain White China Cups and Saucers, very pretty shapes, imported thin china, worth \$1.00 set, special, set 69c. Odds and ends in Decorated and Plain White Haviland China at Half Price to close at once. Imitation Cut Glass Peppers and Salts, white metal tops, worth 10c, special 5c. Lot fancy china Bread and Butter Plates, worth up to 25c each, special 15c. Large sized covered glass Butter Dishes, worth 10c, special 5c. Crystal Glass Sherberts and Saucers, an exact copy of real cut, worth 15c pair, special 9c. Ironstone China Slop Pails with bails and cover, worth \$1.25, special 89c. Vienna China Tea Sets, very dainty spray decorations, nice light ware, worth \$8.50, our price \$5.95. Cake and Fruit Stands in fancy mottled glass bases, worth 40c, special 25c. Be sure and purchase first quality Fruit Jars, then you run no risk in spoiling your fruit. We handle first quality jars only, and our prices are lower than other dealers ask for inferior qualities.

THE WEATHER.

United States Agricultural Department.
Weather Bureau, Duluth. Shows of
weather conditions for the twenty-four
hours ending at 7 a. m. Central time.
Aug. 20.—Clear, cool weather has been
valued in the various districts. A rainfall
of .02 inch, which occurred yesterday at
Davenport, is the only precipitation re-
ported, and no storm conditions are
on this morning's chart. The pressure is
relatively low, but not near the minimum
from Winnipeg southwest to Itasca City.
The temperature was again in the nineties
yesterday in the far Northwest, near
the northern boundary of Montana. Else-
where the maximum ranged generally from
60, near Lakes Superior and Michigan, to
80 in Manitoba and in Kansas.
Minimum temperatures last night:
Battleford 52
Medicine Hat 54
Calgary 50
Winnipeg 50
Port Arthur 46
Wilmington 46
Havre 44
Murray 44
Duluth 48
Marquette 48
Sault Ste. Marie 48
Rapid City 48
Milwaukee 48
Chicago 48
North Platte 48
Denver 48
Kansas City 48
St. Louis 48
Dodge City 48
Duluth temperature at 7 a. m. today, 52;
maximum yesterday, 58; minimum yester-
day, 40.
Local forecast for Duluth and vicinity:
Generally fair, with light variable winds,
slightly warmer tonight; variable winds,
light to fresh in force tomorrow.

JAMES KENEALY,
Local Forecast Official.

Chicago, Aug. 20.—Forecast until 8 p. m.
tomorrow: Fair tonight and Saturday;
warmer in southwest portion tonight;
slightly warmer Saturday; variable
winds, shifting, light to fresh in force
tomorrow; generally fair tonight and
Saturday; slightly warmer tonight; fresh
southerly winds.

THE FARMER'S PROSPECT.

Wheat continues to climb upward in
price, and those who predicted dollar
wheat at an early date seem to have
had solid reasons to back up their
prophecy. The farmers of the North-
west have reason to feel in good spirits
over this outlook. While their wheat
crop is not phenomenal in size, it prom-
ises to turn out a fair average crop,
and with the excellent prices prevailing
they will have a much greater return
for their labors than they would have
had with an exceedingly large crop at
the prices prevailing a year ago. The
farmer who has a crop of good sound
wheat this year can face the immediate
future with smiling confidence. He has
a small-sized Klondike within his grasp.
There are various estimates as to the
yield in the spring wheat states, Minne-
sota and the Dakotas. The Minne-
apolis Journal, after a careful investi-
gation, places the crop at 119,700,000
bushels. Other estimates go as low as
110,000,000 bushels, but owing to the
spotted condition of the crop it is diffi-
cult to make a correct estimate. It
may not go much above 100,000,000
bushels, if the weather is unfavorable
for harvesting. One thing seems to be
certain. Much of the wheat will be of
low grade and there may be some truth
in the prediction made the other day
that the millers of the Northwest will
experience difficulty in getting enough
sound wheat to supply their wants.
The wheat crop of the whole country,
both spring and winter wheat, is esti-
mated this year at 500,000,000 bushels.
Of last year's crop about 100,000,000
bushels was left over to share in the
present advance in prices. Only 75,000-
000 bushels of this year's crop has been
sold this year. This leaves 425,000,000
bushels to be sold at the higher prices,
and if the farmers get only 75 cents a
bushel at the farm, their wheat will
bring them the enormous sum of nearly
\$340,000,000 with which to pay off their
debts and buy what they want. Figuring
the wheat crop of Minnesota and the
Dakotas at 110,000,000 bushels, it will
bring to the farmers of the Northwest
\$82,500,000. The distribution of such a
vast sum of money among the farmers
of the Northwest cannot fail to produce
genuine prosperity, in which all classes
will share. When the farmer is pros-
perous the whole country must be
prosperous.

A FALSE REPORT.

The Chicago Post of a recent date
said: "From the wheat fields of Minne-
sota and the Dakotas a cry for help is
heard. It is loud, persistent and urgent.
Unless it is heeded, and that speedily,
the people of those sections say that the
benefits accruing to them and through
them to the country at large from the
prodigious wheat harvest will be greatly
reduced. What is needed is men to as-
sist in gathering in the ripened crops.
The news is literally white to the har-
vest, but the laborers are few. While
this appeal for men is being made, the
reel-officers in the great cities are pub-
lishing reports showing that there are

thousands unemployed who are in a
condition of absolute beggary."

This is a cruel falsehood. It is cruel,
because it may lead men to spend their
last dollars to go to the harvest fields,
only to find that there is no demand for
farm hands and that the wheat districts
are already overrun with men looking
for work. The Herald knows positively
that the farmers of the Northwest have
all the help they require. The laborers
are more plentiful than the demand.
Let no man start for the harvest fields
expecting to get employment, because
he will be doomed to disappointment
and consequent loss.

THE ARMOR PLATE FACTORY.

Capt. McDougall's suggestion that the
citizens of Duluth and Superior unite
in extending an invitation to all the
Minnesota and Wisconsin senators and
representatives to meet here when
Chairman Hooker of the rivers and har-
bors committee arrives about ten days
hence should be acted upon without
delay. Capt. McDougall's idea is to
take the whole party in vessels around
the harbor, show them the location of
the proposed island at the mouth of
St. Louis river which would make an
excellent site for a government armor
plant, and at the same time to impress
upon them the great advantages pre-
sented by the head of the lakes for the
establishment of the government plant.
It is an excellent idea and it would re-
sult in drawing very general attention
to the claim put in by Duluth for this
plant. If the united influence of all the
senators and representatives of these
two states and of Congressmen Hooker
could be secured in our behalf, it is
quite probable that the effort to secure
the plant might result successfully.
It is almost unnecessary to point out
to the people residing at the head of the
lakes the great benefits which would
be conferred upon this section, as well
as upon the whole Northwest, by the
establishment here of a government armor
plant representing an expenditure
of \$1,000,000. In addition to the large
number of men who would be given em-
ployment therein and the large
amount of wages which would be dis-
tributed weekly and put into circulation
among our merchants, Duluth and Su-
perior would derive many benefits from
its location here. There is no doubt
that, as Capt. McDougall says, it would
be the means of attracting other iron
manufactories to this point and might
eventually result in making this local-
ity the iron and steel manufacturing
center of the world.

The Herald trusts that immediate ac-
tion will be taken in this matter. There
is but little time to spare, if the sugges-
tion is to be carried out as it should be.
The chamber of commerce might prop-
erly take the lead, send out the invita-
tions without delay to the senators and
representatives, and then make the
other arrangements for entertaining
them on their arrival. The invitations
should be issued not later than tomor-
row night.

NEW YORK'S ELECTION.

The municipal contest in New York
city, although it is a season of the year
when it is usually difficult to arouse any
political interest, is becoming quite ex-
citing, principally because of the efforts
made by a large number of citizens to
secure the nomination of President Ste-
phen A. Harkness for mayor. In this
movement they have encountered the
opposition of the Republican machine,
of which Senator Platt is the head.
What the result will be it is difficult to
predict with certainty. The outcome
may be that there will be three tickets
in the field, the regular Republican, the
Tammany Democrat, and a Citizens'
ticket, headed by Mr. Harkness. There
could be but one ending to such a three-
cornered fight—a triumph for Tam-
many and the delivery of the govern-
ment of Greater New York into its con-
trol.

The Low movement has reached as-
tonishing proportions, however. The
present advance in prices. Only 75,000-
000 bushels of this year's crop has been
sold this year. This leaves 425,000,000
bushels to be sold at the higher prices,
and if the farmers get only 75 cents a
bushel at the farm, their wheat will
bring them the enormous sum of nearly
\$340,000,000 with which to pay off their
debts and buy what they want. Figuring

senators and representatives of these
two states and of Congressmen Hooker
could be secured in our behalf, it is
quite probable that the effort to secure
the plant might result successfully.
It is almost unnecessary to point out
to the people residing at the head of the
lakes the great benefits which would
be conferred upon this section, as well
as upon the whole Northwest, by the
establishment here of a government armor
plant representing an expenditure
of \$1,000,000. In addition to the large
number of men who would be given em-
ployment therein and the large
amount of wages which would be dis-
tributed weekly and put into circulation
among our merchants, Duluth and Su-
perior would derive many benefits from
its location here. There is no doubt
that, as Capt. McDougall says, it would
be the means of attracting other iron
manufactories to this point and might
eventually result in making this local-
ity the iron and steel manufacturing
center of the world.

The Herald trusts that immediate ac-
tion will be taken in this matter. There
is but little time to spare, if the sugges-
tion is to be carried out as it should be.
The chamber of commerce might prop-
erly take the lead, send out the invita-
tions without delay to the senators and
representatives, and then make the
other arrangements for entertaining
them on their arrival. The invitations
should be issued not later than tomor-
row night.

NEW YORK'S ELECTION.

The municipal contest in New York
city, although it is a season of the year
when it is usually difficult to arouse any
political interest, is becoming quite ex-
citing, principally because of the efforts
made by a large number of citizens to
secure the nomination of President Ste-
phen A. Harkness for mayor. In this
movement they have encountered the
opposition of the Republican machine,
of which Senator Platt is the head.
What the result will be it is difficult to
predict with certainty. The outcome
may be that there will be three tickets
in the field, the regular Republican, the
Tammany Democrat, and a Citizens'
ticket, headed by Mr. Harkness. There
could be but one ending to such a three-
cornered fight—a triumph for Tam-
many and the delivery of the govern-
ment of Greater New York into its con-
trol.

The Low movement has reached as-
tonishing proportions, however. The
present advance in prices. Only 75,000-
000 bushels of this year's crop has been
sold this year. This leaves 425,000,000
bushels to be sold at the higher prices,
and if the farmers get only 75 cents a
bushel at the farm, their wheat will
bring them the enormous sum of nearly
\$340,000,000 with which to pay off their
debts and buy what they want. Figuring
the wheat crop of Minnesota and the
Dakotas at 110,000,000 bushels, it will
bring to the farmers of the Northwest
\$82,500,000. The distribution of such a
vast sum of money among the farmers
of the Northwest cannot fail to produce
genuine prosperity, in which all classes
will share. When the farmer is pros-
perous the whole country must be
prosperous.

A FALSE REPORT.

The Chicago Post of a recent date
said: "From the wheat fields of Minne-
sota and the Dakotas a cry for help is
heard. It is loud, persistent and urgent.
Unless it is heeded, and that speedily,
the people of those sections say that the
benefits accruing to them and through
them to the country at large from the
prodigious wheat harvest will be greatly
reduced. What is needed is men to as-
sist in gathering in the ripened crops.
The news is literally white to the har-
vest, but the laborers are few. While
this appeal for men is being made, the
reel-officers in the great cities are pub-
lishing reports showing that there are

thousands unemployed who are in a
condition of absolute beggary."

This is a cruel falsehood. It is cruel,
because it may lead men to spend their
last dollars to go to the harvest fields,
only to find that there is no demand for
farm hands and that the wheat districts
are already overrun with men looking
for work. The Herald knows positively
that the farmers of the Northwest have
all the help they require. The laborers
are more plentiful than the demand.
Let no man start for the harvest fields
expecting to get employment, because
he will be doomed to disappointment
and consequent loss.

THE ARMOR PLATE FACTORY.

Capt. McDougall's suggestion that the
citizens of Duluth and Superior unite
in extending an invitation to all the
Minnesota and Wisconsin senators and
representatives to meet here when
Chairman Hooker of the rivers and har-
bors committee arrives about ten days
hence should be acted upon without
delay. Capt. McDougall's idea is to
take the whole party in vessels around
the harbor, show them the location of
the proposed island at the mouth of
St. Louis river which would make an
excellent site for a government armor
plant, and at the same time to impress
upon them the great advantages pre-
sented by the head of the lakes for the
establishment of the government plant.
It is an excellent idea and it would re-
sult in drawing very general attention
to the claim put in by Duluth for this
plant. If the united influence of all the
senators and representatives of these
two states and of Congressmen Hooker
could be secured in our behalf, it is
quite probable that the effort to secure
the plant might result successfully.
It is almost unnecessary to point out
to the people residing at the head of the

THE CROP ESTIMATE

Yield of 119,700,000 Bushels of Wheat in the Northwest Predicted.

IT MAY RUN LOWER

Large Amount of Middle and Poor Grade Wheat Is Now Probable.

Minneapolis, Aug. 20.—In his annual estimate of the Northwest's wheat crop H. V. Jones, commercial editor of the Journal, says: "The states of Minnesota, North Dakota and South Dakota have apparently raised this year about an average crop of wheat."

Indications point strongly to general disappointment in yields from estimates made three or four weeks ago, but this result does not deprive the Northwest of a good crop of wheat as to quantity.

The 1897 crop is very difficult to deal with. It presents many questions that, in advance of threshing, easily lead into error in estimating totals. Yields are uneven. Fields with large growth will in many instances, return a small yield of grain, while fields with large growth of straw will return a good yield of grain. Then the crop will not be safe, taken care of, and the result will be a frost or heavy rain would cause serious damage to the uncut fields in advance of that time.

The indications are that the three states have raised a crop of 119,000,000 bushels. This is very little different from last year. The estimated division by states is as follows:

Minnesota	43,000,000
North Dakota	44,000,000
South Dakota	26,000,000
Total	113,000,000

This is based on an acreage as follows:

Minnesota	4,500,000
North Dakota	4,200,000
South Dakota	2,300,000
Total	11,000,000

Increase over last year 2,000,000 acres. The estimated averages are as follows:

Minnesota	11.15
North Dakota	10.5
South Dakota	10.5

The important fact in connection with correct total has been found, but that it can be positively stated that there is no excess of yield. The opinion a month ago was quite generally centered on a yield around 175,000,000 bushels. This result is positively out of the question, and in view of the large increase of acreage it is the important factor of the crop. When the work of this estimate was begun a bumper yield was generally talked. Early investigation showed defects that had not been taken into account, and which had escaped the attention of farmers, because of the promising appearance of the straw. With the discovery that reduced yields were to be expected, there has been a general change of sentiment until the grain trade and the country now place credit totals very much lower than at first. The above estimate is given as representing the present state of affairs. It should be said in before the crop in the northern counties is secure, the yield would be materially increased from the above estimate, and might run as low as 100,000,000 bushels, because there is a large acreage yet to cut, and the yield quickly to unfavorable influences. On the other hand, if the late wheat crop matures, there is no reason to expect a result very much different than suggested above.

The average must of necessity be an estimate this year. There are no reliable data to be had on this point. The average is as good as a guess, and it is shown in all previous years. But it has been a liberal increase. An addition of 2,000,000 acres has been made in this estimate over last year, and while there is no reason to believe this is too low, it may prove to be a little high. A considerable area of this in-

A BOGUS CHECK

Landlord Lawlor of the St. James Hotel Has One on Hand.

YOUNG MAN TAKEN IN
F. W. Fiske, of Minneapolis, Charged With Being Responsible For It.

A young man giving his name as F. W. Fiske, and his residence in Minneapolis, was locked up at police headquarters this morning charged with passing off a bogus check on the St. James' hotel management. The check, which is dated Aug. 12, is for the sum of \$25. It is on the Flour City National bank, of Minneapolis, and purports to have been drawn by A. C. Whidden to Fiske's order.

The check was passed Wednesday last. Fiske went into the St. James' hotel on that day and presented the check to Landlord Lawlor, who cashed it. The latter says that Fiske was accompanied by a man residing here, with whose face he is familiar, but whose name he cannot recall, who in the morning he saw Fiske at the hotel, and all right. This Fiske denies, asserting that he was alone.

This morning the check came back protested, with advice from the bank that the instrument was a forgery. Mr. Lawlor at once notified the police department, and within a short time Detective Troyer located Fiske at a cheap lodging house near the Lake.

Fiske has been in the city since Monday, occupying himself the major part of the time going the pace that kills. When seen at police headquarters this morning he was evidently suffering from the effects of a long period of pronounced alcoholic exhilaration. He acknowledged having passed the check, and that A. C. Whidden, who is his brother-in-law. He says he has cashed the check at the hotel, and is waiting for the money to settle the matter. Fiske says that he is a salesman for a paper warehouse in Minneapolis.

The check is an excellent piece of work, and the man says, would do credit to an old hand.

CITY BRIEFS.
Cullum, dentist, Palisado, Phone No. 9. Smoke Ensign cigar. W. A. Foster.

The steamship North Land which will arrive this evening has 236 passengers and 200 of whom are booked for Duluth and thirty-six for points in the Great Northern. The United Empire State line has a large number of passengers booked for Duluth and thirty-six for points in the Great Northern. The United Empire State line has a large number of passengers booked for Duluth and thirty-six for points in the Great Northern.

Anita Lillian, daughter of Mr. and Mrs. O. N. Lundberg, died this morning at a brief illness of cholera infantum. The funeral will take place Sunday afternoon at their residence, 115 East Third street.

"An Original Idea" at Armory tonight. In the female bicycle race last night the riders increased their distance in the following figures: Fiering, Dred-Brooks, 152 miles, 1 lap; Wellington, 148 miles, 1 lap.

The work of pumping water into the pipe laid by the Carroll-Porter people, Leister river has not been completed and the test may not be made until Monday.

The waterworks committee and several other members of the council, the city engineer, inspector of public works and the city engineer, inspected the work on the waterworks at Lakeside and Lakeview this afternoon. The telephone company has extended its line to New Duluth and began operating it this morning. This will be a great convenience and fills a want that has been felt for some time.

The following building permits were issued today: D. G. Penny, frame dwelling house on lot 15, block 25, between Fourth and Fifth streets, 20 feet wide, to cost \$1700; Norwegian frame dwelling house on First street, between Third and Fourth streets, to cost \$1400.

Security bank, as receiver for the Security bank, has several affidavits on notes against E. T. Merrill and against Franklin W. Merritt for \$2000. Towne & Merchant are the attorneys.

A marriage license has been issued to Peter A. Johnson and Ingeborg Gansstad.

The Central Investment company this morning began a suit against E. J. Myers, F. S. Daggett, W. M. Parker, E. J. Crosssett and Mary Branch to clear title to lots 6 and 7, block 25, Port-land, and the east half of lot 25, East First street, Stringer & Seymour, of Minneapolis, are the attorneys.

Last winter the St. Paul & Duluth beach ejectment suits against John Anderson, John Johnson and Andrew Johnson, squatters on some of the common land on the lake shore below the Duluth & Iron Range depot at Finland. Judgment was granted in favor of the railroad, and this morning writs of ejectment against the squatters were filed in the clerk's office. The writs were turned over to the sheriff, and some deputies went out this afternoon to carry them into effect.

A reception will be given next Tuesday evening at the residence of G. G. Hardesty for Rev. and Mrs. Duncan, of the Cragencroft Institute. It will be from 8 to 11 o'clock.

Don't miss "An Original Idea" tonight. Kelly beats them all cleaning. Bids were opened today for work on the pier at the natural entry. There were ten bids but up to a late hour no bid was made. The lowest bid, \$100,000, was made by the Duluth & Iron Range.

Thomas Kinnaman, a plain drunk, was taken this morning for ten days. Mayor Truelsen and a number of officials went up the river on the steamer Mary Mann this afternoon, as the guests of Capt. Mann.

An Indian who rejoices in the name of Gay-the-grown-on-the-bank, was brought to the city this morning. He was a member of the Bug-nay-kanig, was brought

A COUNTY EXHIBIT

J. E. Cooley Is Arranging a Handsome One for the State Fair.

BIG ORE STOCK PILE
He Will Arrange One That Will Be of Immense Size.

J. E. Cooley, secretary of the St. Louis County Agricultural association and a member of the board of directors of the State Fair association, is busily engaged in preparing an exhibit of the products of St. Louis county for the state fair to be held in St. Paul, Sept. 6 to 11 inclusive.

Today he obtained several tons of iron ore from the Missabe docks in this city to be used in the construction of a stock pile, which is to form one of the principal features of the exhibit. A board frame work, built in the form of a shaft of every mine on the ranges is to be built and covered with ore, giving it the appearance of a solid pile. It will contain an aggregate of about ten tons, but will be surmounted by a large banner which is now being painted bearing the inscription "Big Ore Stock Pile, 100,000 Tons."

The pile about the base, one end of which will be square will be fifty-four feet in diameter and twenty feet high.

Besides the display of ore a very attractive display of the agricultural products of the county is being arranged. The grains are to be spread out on a large pan-shaped contrivance, hung handle-side up from a girder beneath the roof of the exhibition building and forming a picturesque background for the other products that will have a place in the display.

Mr. Cooley leaving nothing undone to make the St. Louis county exhibit a creditable one and he is entitled to substantial assistance and encouragement in his work. He is defraying the expense so far from his own pocket, and will ask reimbursement on the merit of the display, but it is hardly meet the expense. The society offers premiums aggregating \$1200 for county displays and so far seven counties have entered the list and three more are expected to come in. Those that will compete with St. Louis county are Stearns, Haskins, Reynolds, Pope, Otter and Anoka. Last year St. Louis county won only \$40 in prizes, but Mr. Cooley hopes to do better at the coming fair.

PERSONALS.
Mr. and Mrs. Francis Labadie, who have been visiting their cousins, Mr. and Mrs. Chas. A. Towne, will leave tomorrow afternoon for Minneapolis. Miss Dora Kugler and Mrs. William Scott have returned from Knife river, where they have been camping.

William Waterworth, wife and two daughters, of Ingersoll, Ontario, Canada, arrived in Duluth this morning, and Mrs. J. A. Waterworth, Mr. Waterworth is one of Canada's extensive manufacturers.

Bert Rowe, the stenographer in the office of the board of public works, will leave for Minneapolis tomorrow or Monday for a visit at his home in the East.

Capt. E. Moreau came down from Duluth this morning to attend the meeting of the county commissioners this afternoon.

W. G. Bonham, of Tower, is in the city, a guest at the St. Paul. J. J. Sheehan, of St. Paul, is among this morning's arrivals at the St. Louis. F. A. Eaton is a guest at the Tower today, a guest at the St. Louis.

J. A. Kennedy and A. McKinnon, of Little Falls, are guests at the St. Louis. C. R. Steese and wife, Miss Starnough, and David Tod, of Youngstown, Ohio, arrived in Duluth this morning and left this afternoon for Bismarck to look over the Blavick mine which is owned by Tod, Shambaugh & Co., of Youngstown.

B. H. Baker, of St. Paul, is in the city, a guest at the St. Louis. E. M. Chase, of Jamestown, N. D., is a late arrival at the St. Louis.

P. J. Kissane, of Stillwater, is registered at the St. Louis. Paul Browne and wife, of Rhinelander, Wis., arrived in the city this morning and registered at the Spaulding.

William Tomkins, of Ashland, is in the city, a guest at the Spaulding. The city a few hours today and returned home this afternoon.

Thomas Barlow, of Mankato, arrived in the city today and registered at the St. Louis. L. D. Berry is in the city today, a guest at the St. Louis.

M. H. Boutele, of Minneapolis, is at the Spaulding. W. A. Smith, of Vadena, Minn., is among today's arrivals at the Spaulding. J. J. Van Leven, of Detroit, Mich., is a guest at the Spaulding.

Dr. and Mrs. C. E. Riggs, of St. Paul, are in the city, guests at the Spaulding. William Orr, general freight agent of the Duluth, South Shore & Atlantic, who has been in the city several days, has been returned to his home in Marquette today. During his stay here Mr. Orr was quite ill, but was considerably better today.

H. P. Borge, of Underwood; Edwin Austman, of St. Paul, and P. J. Weyel, of Minneapolis, were on the board of trade floor today.

Tore Up the Crossing.
The Northern Pacific and St. Paul, Minneapolis and Ashland railways are involved in a quarrel. The Northern Pacific with its usual hogheadedness does not propose to allow the other road to maintain its crossing which is about ten miles this side of Ashland. There is some dispute over the maintenance of a semaphore system which the Northern Pacific claims the other was to do and consequently it went to work Wednesday night and ripped up the crossing. It then placed two cars across the track to prevent it from being laid again.

You may never know it happened if you fail to read The Evening Herald.

GRAND EXHIBITION!

EVERYBODY INVITED.

EAST INDIAN UPRISING.
Gen. Blood, the British Commander, Has Reached Galagala.

Sinla, Aug. 20.—Gen. Blood, the commander of the British forces operating against the insurgent tribesmen on the frontier, has reached Galagala, without opposition. He reports that village to have been found deserted, and adds that the Afridis uprising is exaggerated, adding that they have not left Turah.

AN AKRON, OHIO, FAILURE.
Akron, Ohio, Aug. 20.—John F. Sieberling, a formerly prominent manufacturer, assigned to Francis Sieberling, his nephew, today. The assets of the company are about \$10,000 and liabilities are about \$10,000. His affairs have been in an unsettled condition since the failure of the J. P. Sieberling Mower and Reaper company. The failure to realize in property helped being the failure.

STOCKHOLDERS' MEETING.
The regular annual meeting of the stockholders of the Minkota Milling company will be held at the office of the company, Duluth, Minn., at 2 o'clock p. m., Wednesday, Sept. 8, 1897.

GEORGE S. PALMER, Secretary.

The price of flour goes higher every day, but for TOMORROW our usual low prices will prevail. Cheaper to buy of us than cook at home.

SHERIFF OUTWITTED

Striking Miners Make a De-tour Around the Deputies and Reach Mines.

SOME NEW CONVERTS

Houses, Food and Clothing to Be Provided For the Evicted Families.

Pittsburg, Aug. 20.—This morning the striking miners camped at Turtle Creek stole a march on the sheriff's deputies guarding the Oak Hill mine. While the deputies were waiting for the detachment of canners to appear on the roads leading to the mines and wondering why they did not come, the strikers were making a long detour so as to approach the mouth of the pit from the other side, and they succeeded in getting there without being observed. Their appearance was startling to the men who were ready to go to work, and the deputies were hurriedly sent for. While they were coming the strikers told the men that there would be a concert in their camp tonight, and in-structed them to attend. When a posse of deputies commanded by Deputy Sheriff David Hanna appeared, a copy of the injunction was read to John Plam Creek, the leader of the strikers, and they left the place. Another party of strikers went to Monroeville, and so far as they could learn no new men were taken into the entrances there.

The strikers express the belief that one of the mines to be opened by the mine owners in their effort to break the strike will be the Plum Creek mine, and that the miners now at work at Oak Hill and Sandy Creek will be taken to that mine. By centralizing their forces the company would have 281 men, which would be enough to operate the Plum Creek mine in full. To offset this move the strikers will abandon their camps at Sandy Creek and all the miners will go into camp at Plum Creek. Edward McKay, who is in charge of the campers at Turtle Creek, said today that the miners had no fear of the company houses for striking would be provided with comfortable houses, food and clothing.

WEST VIRGINIA STRIKERS.—Wheeling, W. Va., Aug. 20.—The coal strike seems to be gaining a little. A small number of miners have returned to work, but it will take rapid work to make up for the loss suffered at Fairmont and in the Kanawha and New River valleys. The Montana campers are unable to do anything to help the strikers. The men who went back into the mines yesterday to return to work, they are annoyed by deputy marshals and cannot move in the direction of the Montana mines, all of them being really miners. The strikers are being taken to Clarkburg before Judge Goff the moment they make a move not sanctioned by the marshals.

JOHNNY CONWAY'S ABDUCTOR NARROWLY ESCAPES A MOB.—Albany, N. Y., Aug. 20.—Blake, the alleged kidnaper of little Johnny Conway, was caught in Schenectady by John P. Farrell shortly after noon today and brought to this city about 2 o'clock. The station was filled with an angry mob and the police had great difficulty in getting the culprit from Farrell and placing him in the patrol wagon. When they got him in the wagon fully 200 persons surrounded him and cried "Lynch him." "Hang him," "Shoot him" enraged the mob to a point where they were ready to lynch him. Mayor Thatcher managed to get in and hand while he held a revolver with a hand. At the police station, some blocks away, an enormous crowd had gathered. The state police were in the chief of police's private office in safety.

TO-NIGHT!
"An Original Idea"
Benefit Company A,
AT ARMY.

SPAIN'S NEW PREMIER.—San Sebastian, Aug. 20.—The queen regent today conferred the premiership on Gen. Azcaraga, who is also minister of war. The cabinet will not be modified.

MINERS RETURN TO WORK.—Evansville, Ind., Aug. 20.—Most of the local miners who were induced by the marchers to quit work, have returned to the mines and now there is only one of the mines not in operation. The marchers are still here, but feel rather discouraged. One operator stated that hereafter there would hardly be a coal miners' union in this city. He would permit his men to return to work, he said, only on the condition that they quit the union.

MILWAUKEE GARBAGE BONDS.—Madison, Wis., Aug. 20.—The assembly today passed the revision of the statutes with an amendment giving the Milwaukee council power to vote garbage bonds to an amount not to exceed \$120,000 by a majority vote. The joint resolution to postpone the sale of the state park lands was killed.

THE SAN PEDRO HARBOR.—Washington, Aug. 20.—There is no reason to doubt that the attorney General McKenna has prepared his decision as to the character of the harbor to be constructed at San Pedro, Cal. The decision has passed through the usual channels and probably was forwarded to Secretary Alger, who is now with President McKinley. No information regarding the nature of the decision could be had here.

CHARGED WITH ROBBERY.—St. Louis, Aug. 20.—Charles Krey, who has been in the employ of the Pacific States Lumber Co., was arrested today for embezzling about \$1000 from the company. He was taken to the St. Louis police station and is being held in custody. He is a native of Germany and has been in the employ of the company for about fourteen years ago.

Army of the Potomac Has a Rousing Reunion in That City.

President Will Address the Veterans at the Meeting in the Evening.

Troy, N. Y., Aug. 20.—Great preparations were made to entertain the 3000 visiting members of the Army of the Potomac, who gathered here today for their twenty-eighth annual reunion. The city was ablaze with decorations and every hall and available space had been turned into an armory for the accommodation of the guests. The arrival early in the day of President McKinley was the first feature that attracted attention. President McKinley and Secretary Alger arrived in the city at 9:30 o'clock on President Oliphant's private car attached to the military train, which left Plattsburg last night. At the station he was met by Adj. Gen. Tillamouth and Governor Thompson. There was a crowd and plenty of cheering, but the president refused to speak. He was driven to a house, which will be his headquarters.

Following closely upon the arrival of President McKinley, the various army corps composing the Army of the Potomac, met independently at headquarters held by the corps commanders and held their business meetings. The corps, comprising the Army of the Potomac, were the Third, Second, Twelfth, Ninth, Fifth, Eleventh and Sixth corps—President, Capt. Isaac P. Crane, of Boston, Mass.; Gen. Buel, of Trenton, N. J., vice president; Secretary Col. W. J. Veiling, of Washington, N. J., and the office is a permanent one. The second corps—President, Gen. John R. Brooke, United States army; vice president, Gen. R. N. Batchelder, United States army; secretary, Col. Thomas E. Barker, secretary and treasurer, Col. Charles W. Walker, executive committee, Capt. Gustave Magnitzky, Col. W. R. Dwyer, Capt. S. P. Corlies.

Twelfth corps—Capt. Walker, of Boston, president; C. W. Eyer, of Plattsburg, president; surgeon, John J. Lowe, of Brooklyn, president; Gen. H. G. Thayer, of New York, vice president; Maj. L. C. Brackett, of New York, secretary and treasurer.

Fifth corps—President, Gen. Fitz-John Porter, United States army, retired; first vice president, Gen. A. P. Martin, United States army; second vice president, Capt. R. Burnett Smith, United States army; secretary and treasurer, Brevet Lieut. Col. A. M. Clark, United States army; executive committee, Brevet Maj. L. N. Tucker, United States army; private George Smith, second Massachusetts volunteers.

Twelfth corps—Gen. Louis P. Di Censoli, of New York, president; Capt. Herbert Dyer, of Lundy, Va.; Capt. A. B. Seigler, of Pawtucket, R. I.; Capt. Charles F. Paddock, of New York, vice president; Capt. Francis Frisch, of New York, secretary; Capt. C. Hamlin, of Bangor, Maine, historian.

Sixth corps—Maj. A. B. Valentine, of Boston, president; Capt. J. H. Beattie, of Lancaster, N. H.; Capt. James H. Love, of Jersey City, N. J.; Capt. E. J. Orr, of Philadelphia, vice president; Sergeant Henry C. Lareue, of Brooklyn, recording secretary; Capt. George E. Brown, of Portland, Maine, corresponding secretary; Col. Samuel Truesdell, of Brooklyn, treasurer.

The parade in honor of the president of the Army of the Potomac was one of the largest ever seen in Troy. Nearly 18,000 guardsmen were in line and about 100,000 spectators lined the streets. The three National Guard companies of Troy acted as escort to the president of the Army of the Potomac, Gen. Black and staff. All along the line of march the marching column was greeted by the thousands that lined the pavements and filled every available point of vantage.

Speeches and tomorrow's program: The various corps representing the divisions of the Army of the Potomac will meet this evening for the election of officers and the transaction of other business. The oration will be delivered by Maj. C. A. Woodruff, United States army, and will be followed by a speech by Maj. C. A. Woodruff, United States army.

At 10 o'clock the president was taken to the party to a great hall, where a party with over 2000 girls and women employees at work.

Senator Edward Murphy accompanied the president and Secretary Alger to the factory and the proprietors showed them through. Every one of the 2000 employees was decorated with a flag and many of the machines were also decorated with the national colors. In every room except the laundry and machinery room the operatives stood up when the president entered and cheered vociferously. After the inspection he said: "It was not only a novel but to me a very wonderful sight."

At the conclusion of the inspection the president and escort went towards the river to the Watervliet arsenal, where the work of shrinking a gun-jacket upon a gun was witnessed. The national salute was fired and the guard turned out and President McKinley expressed satisfaction at the busy condition of things. As the party crossed the river they were within a mile of the city water front view a salute.

PRESIDENT'S JOURNEYING.—Saratoga, N. Y., Aug. 20.—President McKinley and party, who arrived here at 10 o'clock, remained in the city during the night and breakfasted this morning at the United States hotel. The party left on a special train at 7:30 o'clock this morning for Troy.

MURDERED MAN IDENTIFIED.—Columbia, S. C., Aug. 20.—The body of the man murdered near the summit of Pike's peak had been identified as that of William W. Wiser, an embezzler, who was arrested today in this city and Manitou about a week. He was stopping at a private residence in Manitou, and Wednesday walked to the peak.

INGERSOLL AND THE MINISTER.—On one occasion when Ingersoll was in Georgia he occupied a room with a minister in a Pullman sleeper, says the Atlanta Constitution.

For an hour or more he had sat by the minister, who was reading, and not a word had passed between them. Presently a man came through the car, and approaching the minister's companion, said:

"Mr. Ingersoll, how do you do?"
"Is this Col. Robert G. Ingersoll?"
He received an affirmative answer. Then he seized his satchel and beat a hasty retreat.

He found the conductor in the smoking car, approached him and said: "I have been in hell two hours." The conductor eyed him suspiciously and then said:

"And where are you going now?"
"To Atlanta, having a Georgia town which at that time was fairly simmering with the heat of the summer sun."
"Well," exclaimed the conductor, "it seems to me that if I'd been in hell two hours I shouldn't want to go back so soon."

ORDER TO EXAMINE ACCOUNTS ETC.—State of Minnesota, County of St. Louis—ss. In Probate Court, Special Term, August 4th, 1937.

In the matter of the estate of Sarah J. Rice, deceased.
On reading and filing the petition of E. L. Rice, administrator of the estate of Sarah J. Rice, deceased, representing among other things that she has fully administered said estate and praying that a time and place be fixed for examining, settling and allowing the final account of her administration, and for the assignment of the residue of said estate to the parties entitled thereby by law.

It is ordered that said account be examined, and petition heard by this court on Friday, the 25th day of August, A. D. 1937, at ten o'clock a. m., at the probate office in Duluth, in said county.

And it is further ordered, that notice thereof be given to all persons interested by publishing a copy of this order once in each week for three successive weeks prior to said day of hearing in the Duluth Evening Herald, a daily newspaper printed and published at Duluth, in said county.

Dated at Duluth, the 4th day of August, A. D. 1937.
By the Court,
FREDERICK AYER,
Judge of Probate.
(Seal)
Duluth Evening Herald, Aug-6-13-20.

NOTICE OF MORTGAGE SALE.

Default has been made in the payment of the sum of sixteen hundred three and 9/10 dollars, which amount is claimed to be due on certain mortgage containing a power of sale duly made and delivered by St. Louis County, Missouri, to Duluth Loan, Deposit and Trust Company of county of St. Louis and state of Minnesota, mortgagor, bearing date the 9th day of June, 1932, and duly recorded in the office of the register of deeds in and for St. Louis County, Minnesota, on the 10th day of June, 1932, at 2:30 o'clock p. m., in Book 16 of mortgages on page 41, which mortgage and mortgage debt were duly assigned by said Duluth Loan, Deposit and Trust Company to St. Louis, F. Jewell, who is now the owner and holder thereof, by written instrument, bearing date June 29th, 1932, and duly recorded in the office of said register of deeds on the 9th day of July, 1932, at 5 o'clock a. m., in Book 17 of mortgages, on page 26.

And whereas, no action or proceeding, at law or otherwise, has been instituted to recover the debt secured by said mortgage, or any part thereof.

Now, therefore, notice is hereby given, that by virtue of said power of sale and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described and situate in St. Louis County, Minnesota, to-wit: Lot numbered 105-seven (7), East Sixth street, Duluth Proper, First Division, and lot numbered 105-eight (8), in Block numbered 105-three (3), Duluth Proper, Third Division, according to the recorded plat thereof, which premises, with the heretofore and hereafter improvements, will be sold by the sheriff of said St. Louis County, Minnesota, at the front door of the county house of said county, in the city of Duluth, in said county and state of Minnesota, on the 10th day of September, 1937, at 10 o'clock in the forenoon, at public auction, to the highest bidder for cash to pay said debt and interest, together with fifty dollars attorneys' fee, stipulated in said mortgage to be paid in case of foreclosure, and the disbursement of said costs, subject to redemption at any time within one year from date of sale as by law provided.

Dated July 23, 1937.
STELLA F. JEWELL,
Assignee of Mortgagee.
RICHARDSON & DAVY,
Attorneys for said Assignee of Mortgagee.
Duluth, Minn.
Duluth Evening Herald, July 23-29-Aug-6-13-20-27.

MORTGAGE FORECLOSURE SALE.—Default having been made in the conditions of a certain mortgage duly executed and delivered by Edmund Vaughan and Margaret Vaughan, his wife, mortgagors, to The Union Building and Loan Association, mortgagee, bearing date the 2nd day of March, 1936, and with a power in the office of the register of deeds in and for the county of St. Louis and state of Minnesota, on the 4th day of March, 1936, at 4:20 o'clock a. m., in Book 20 of mortgages, on page 24.

Said default consists in the non-payment of monthly interest and premium on the principal sum of the mortgage debt for more than the space of six months; and whereas the three installments of said mortgage debt were due and payable at said monthly intervals, and the mortgagee has elected and does hereby elect to declare the whole principal sum of said mortgage debt due and payable at the date of this notice, and the terms and conditions of said mortgage and the power of sale therein contained; and whereas there is actually due and claimed to be due and payable at the date of this notice the sum of one hundred and forty-two and 40/100 dollars, and whereas the said power of sale has become operative, and no action or proceeding having been instituted to recover the debt secured by said mortgage, or any part thereof.

Now, therefore, notice is hereby given, that by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in the mortgage, to-wit: The front door of the county house in the city of Duluth, in said county and state of Minnesota, on the 10th day of September, 1937, at 10 o'clock a. m., of that day, at which time to the highest bidder for cash, to pay said debt of \$142.40 dollars and interest, and twenty-five dollars attorneys' fee, as stipulated in said mortgage, and the disbursement of said costs, which will be made by the sheriff of said St. Louis County, in the city of Duluth, in said county and state of Minnesota, on the 10th day of September, 1937, at 10 o'clock a. m., of that day, at which time to the highest bidder for cash, to pay said debt of \$142.40 dollars and interest, and twenty-five dollars attorneys' fee, as stipulated in said mortgage, and the disbursement of said costs, which will be made by the sheriff of said St. Louis County, in the city of Duluth, in said county and state of Minnesota, on the 10th day of September, 1937, at 10 o'clock a. m., of that day, at which time to the highest bidder for cash, to pay said debt of \$142.40 dollars and interest, and twenty-five dollars attorneys' fee, as stipulated in said mortgage, and the disbursement of said costs, which will be made by the sheriff of said St. Louis County, in the city of Duluth, in said county and state of Minnesota, on the 10th day of September, 1937, at 10 o'clock a. m., of that day, at which time to the highest bidder for cash, to pay said debt of \$142.40 dollars and interest, and twenty-five dollars attorneys' fee, as stipulated in said mortgage, and the disbursement of said costs, which will be made by the sheriff of said St. Louis County, in the city of Duluth, in said county and state of Minnesota, on the 10th day of September, 1937, at 10 o'clock a. m., of that day, at which time to the highest bidder for cash, to pay said debt of \$142.40 dollars and interest, and twenty-five dollars attorneys' fee, as stipulated in said mortgage, and the disbursement of said costs, which will be made by the sheriff of said St. Louis County, in the city of Duluth, in said county and state of Minnesota, on the 10th day of September, 1937, at 10 o'clock a. m., of that day, at which time to the highest bidder for cash, to pay said debt of \$142.40 dollars and interest, and twenty-five dollars attorneys' fee, as stipulated in said mortgage, and the disbursement of said costs, which will be made by the sheriff of said St. Louis County, in the city of Duluth, in said county and state of Minnesota, on the 10th day of September, 1937, at 10 o'clock a. m., of that day, at which time to the highest bidder for cash, to pay said debt of \$142.40 dollars and interest, and twenty-five dollars attorneys' fee, as stipulated in said mortgage, and the disbursement of said costs, which will be made by the sheriff of said St. Louis County, in the city of Duluth, in said county and state of Minnesota, on the 10th day of September, 1937, at 10 o'clock a. m., of that day, at which time to the highest bidder for cash, to pay said debt of \$142.40 dollars and interest, and twenty-five dollars attorneys' fee, as stipulated in said mortgage, and the disbursement of said costs, which will be made by the sheriff of said St. Louis County, in the city of Duluth, in said county and state of Minnesota, on the 10th day of September, 1937, at 10 o'clock a. m., of that day, at which time to the highest bidder for cash, to pay said debt of \$142.40 dollars and interest, and twenty-five dollars attorneys' fee, as stipulated in said mortgage, and the disbursement of said costs, which will be made by the sheriff of said St. Louis County, in the city of Duluth, in said county and state of Minnesota, on the 10th day of September, 1937, at 10 o'clock a. m., of that day, at which time to the highest bidder for cash, to pay said debt of \$142.40 dollars and interest, and twenty-five dollars attorneys' fee, as stipulated in said mortgage, and the disbursement of said costs, which will be made by the sheriff of said St. Louis County, in the city of Duluth, in said county and state of Minnesota, on the 10th day of September, 1937, at 10 o'clock a. m., of that day, at which time to the highest bidder for cash, to pay said debt of \$142.40 dollars and interest, and twenty-five dollars attorneys' fee, as stipulated in said mortgage, and the disbursement of said costs, which will be made by the sheriff of said St. Louis County, in the city of Duluth, in said county and state of Minnesota, on the 10th day of September, 1937, at 10 FRENCH & BASSETT,

In the Labor Field

The Allied Printing Trades council has taken steps looking to the introduction in Duluth of the new printing label.

The executive committee of the Trades assembly will take up the complaint of the men employed on the King & Steele pipe laying contract, who allege that they are not being paid the agreed price.

The sawmill workers of West Duluth will probably give a ball on the evening of Labor day. The proceeds of the ball are intended to devote to the Trades assembly.

The vote on the proposition to impose a 10 per cent cap on wages on the support of the state federation of labor shows an overwhelming majority in its favor. Up to the time originally set for closing the ball there were 250 votes for and 100 against.

The time for closing the ball has been advanced to Sept. 1.

Thirty men hired in Bay City by the Duluth & Superior Lumber Co. to take the place of the striking loggers in the steel large works, passed through Duluth yesterday. An effort was made to notify union waiters not to serve them with meals, but it was too late.

The sawmill workers of New Duluth won out on their strike, and the men returned to work at the beginning of the week on the wages asked. The demand of the men for a scale ranging from 12 1/2 to 25 cents an hour, the same as paid in all other Duluth mills, was granted.

The Le Beau Lumber company stood out for awhile, and was shut down for a few days, but has since resumed work. Herman Beckinger & Herman at once agreed to the new scale when it was presented.

Some Nebraska manufacturers have not given favorable consideration to the free employment bureau recently established in connection with the state labor department. They have been liberal in offering positions to idle folk who sought work through the bureau. A few of them have scoffed at the law makers who projected the scheme.

The records of the Nebraska labor bureau have been enriched by a breezy bit of correspondence growing out of the efforts to promote the employment office. Chief Clerk J. A. Edgerton sent out a circular letter notifying managers, factories and employers of labor in its existing need.

He received many replies, not all of them kind in tone. The spirit of the letter was received from Carl Morton, manager of a Nebraska City mill, who is the son of J. Sterling Morton, the famous Nebraska statesman.

Mr. Morton spoke sternly of the employment bureau. He said that he had been working for the bureau for some time, but that he had not been able to get any work through it.

He said that he had been working for the bureau for some time, but that he had not been able to get any work through it.

He said that he had been working for the bureau for some time, but that he had not been able to get any work through it.

He said that he had been working for the bureau for some time, but that he had not been able to get any work through it.

He said that he had been working for the bureau for some time, but that he had not been able to get any work through it.

He said that he had been working for the bureau for some time, but that he had not been able to get any work through it.

He said that he had been working for the bureau for some time, but that he had not been able to get any work through it.

He said that he had been working for the bureau for some time, but that he had not been able to get any work through it.

Under the law and to secure employment for those who lack and need it. So far from any motive of interference, our only aim was to help.

"Independence is commendable, but so is good breeding. And I submit to you, in all candor, that it is hardly a mark of good breeding to reply to a courteous business note in the manner which you have done. Even partnership will not excuse bad manners. Your letter is such a one as might come from a huffoon or smart Aleck, but is hardly such a one as would be expected from a gentleman."

UNIONS AND THEIR BENEFITS. "With a view to show the benefits that come from membership in trades unions I have made a study of the same since January, 1937, to gather statistics from the most reliable sources," says James O'Connell in his letter to the International Association of Machinists.

"From them I have compiled some figures, which are substantially correct. Thirty lodges reported an increase of wages averaging 10 per cent, affecting 445 men. Figuring the rate of wages at 22 cents per hour—which is the average rate paid in this number of men—there have been received through the efforts of the association \$975.70 per year increase, or \$306,284.10 per year.

Thirty-seven lodges reported having prevented a reduction of wages, averaging 10 per cent, affecting 412 men. This must also be figured as a financial gain, and would amount to \$304.64 per day, or \$285,122.22 per year. If the lodges were in force for that period of time.

In my comments on the two-machine and piece work system, I have noticed that we prevented the introduction of the two-machine system in the shops, employing 3500 men. It is safe to say that if this system had been introduced the force would have been reduced one-eighth; hence in this we have saved the positions of 1188 men.

A GREAT MIRROR

The Largest Silver on Glass Telescope Reflector in the Whole World.

Skillful Work of an Amateur—Superiority of Reflectors Over Refractors.

It was on the rather equivocal date of April 1, 1936, that the Ledge announced the commencement at Greenville, Pa., by the Rev. Dr. John Peate, of the construction of a mammoth telescope, designed to serve as the light-gathering medium of a reflecting telescope for the American university.

After two years of arduous and absorbing toil, involving the exercise of skill of the highest grade, Dr. Peate advises the Ledge correspondent in a private note that he has given the great mirror its "last touches." It is, he writes, "a masterpiece of craftsmanship, and it is ready for silvering, and for the farther and very important stage of 'mounting'."

Although reflecting telescopes are not unknown in the United States, the peate is a masterpiece of craftsmanship, and it is ready for silvering, and for the farther and very important stage of 'mounting'."

When the French scientist, Rene Maunula, built his great mirror, it was a masterpiece of craftsmanship, and it is ready for silvering, and for the farther and very important stage of 'mounting'."

a metal shield or screen, with a minute hole in it. The rays of light proceeding from it through the hole, and the cutting off of which with a knife blade served to determine the correct position of the figure of the mirror. The test is a most delicate one, for the slightest change in the temperature will affect the figure of the mirror. The test is a most delicate one, for the slightest change in the temperature will affect the figure of the mirror.

The patience involved in hundreds of these tests is inconceivable. In the case of the great Yerkes lens, Alvan G. Clark assured the writer that, in addition to the immense shattering tests, he had mounted that weighty and precious piece of crystal in its temporary tube no fewer than seventy times.

Dr. Peate has not yet attempted to silver his prodigy. But unadorned in its beautiful and shining metallic dress, it has, nevertheless, an incredible light-gathering power. The doctor writes: "I can see a common pin and one of my own gray hairs lying on it, more than 1000 feet from the mirror across the fields."

The reflection of the moon at the focal point would be absolutely blinding. When the intricate and costly mounting is ready for the telescope, it will probably be used in the Newfoundland style, i. e., it will rest upon an adjustable pedestal, and the telescope will be placed at an angle of forty-five degrees, and the rays of light falling upon it will be reflected to the sky end of the tube.

NOTICE OF MORTGAGE SALE.—Whereas default has been made in the conditions of a certain mortgage which was duly executed and delivered by Joseph D. Jones and Charles C. Jones, her husband, mortgagors, to Marion E. Barker, mortgagee, bearing date January tenth (10th), 1936, and which was duly recorded in the register of deeds office for St. Louis County, Minnesota, on January fifteenth (15th), 1936, at four (4) o'clock p. m., in Book one hundred twenty-seven (127) of mortgages, on pages three hundred thirty-four (334) and three hundred thirty-five (335) thereof; which mortgage, with the debt thereon secured, was thereupon assigned by said Marion E. Barker to Fred W. Noyes, by an instrument of assignment bearing date January twenty-fourth (24th), 1936, and which was duly recorded in the register of deeds office for St. Louis County, Minnesota, on January twenty-fourth (24th), 1936, at four (4) o'clock p. m., in Book one hundred thirty-eight (138) of mortgages, on page one hundred thirty-eight (138) thereof; such default consisting in the non-payment of the semi-annual installment of interest upon the debt secured by said mortgage, and of the whole principal sum secured by said mortgage, and the principal note thereon, amounting to the sum of \$100, which became due on July 1st, 1937, no part of which has ever been paid, by reason whereof said mortgagee, have elected to exercise the option to them given by the terms of said mortgage, by declaring, and they do hereby declare, that the whole principal sum secured by said mortgage, and the principal note thereon, amounting to the sum of \$100, which became due on July 1st, 1937, no part of which has ever been paid, by reason whereof said mortgagee, have elected to exercise the option to them given by the terms of said mortgage, by declaring, and they do hereby declare, that the whole principal sum secured by said mortgage, and the principal note thereon, amounting to the sum of \$100, which became due on July 1st, 1937, no part of which has ever been paid, by reason whereof said mortgagee, have elected to exercise the option to them given by the terms of said mortgage, by declaring, and they do hereby declare, that the whole principal sum secured by said mortgage, and the principal note thereon, amounting to the sum of \$100, which became due on July 1st, 1937, no part of which has ever been paid, by reason whereof said mortgagee, have elected to exercise the option to them given by the terms of said mortgage, by declaring, and they do hereby declare, that the whole principal sum secured by said mortgage, and the principal note thereon, amounting to the sum of \$100, which became due on July 1st, 1937, no part of which has ever been paid, by reason whereof said mortgagee, have elected to exercise the option to them given by the terms of said mortgage, by declaring,

re you in The Herald's directory?

POKER CHIPS.

Miss Bullen—I have the blues.
Count Graham (thoughtfully)—V'y not change tem fear a stack of whites?

ALL OVER THE EARTH.

Herbie—I hear Jack has a very bad fever.
Kitty—Typhoid?
Herbie—No, Klondike.

EATA BLE.

Miss Goldust—Which is your favorite flower, count?
Count De Breeswax—Ze cauliflower.

A CHEERFUL OUTLOOK.

First flood sufferer—Been most too much rain this year for huckleberries.
Second flood sufferer—Waal, y'es, but th' fishin' are bound ter be uncommonly fine.

SMALL GAME.

She—What do you shoot in the mountains?
Mr. Crab

WIRY TOM.

Tom fell on the beach yesterday and broke a rib.
"Did you send for a doctor?"
"No, umbrella maker."

HADN'T BEEN SWIMMING.

"Johnnie, you say your hair is wet with perspiration. Why did you perspire?"
"With fright, mum."
"But what were you afraid of?"
"Fraid you'd notice it."

GOT IT IN THE BACK.

1—"You see dad, this pad is a sure protection from all danger."

2—"But he had made a miscalculation."

ELEVATING.

Mrs. Brown—Wuz de pahson's sermon very elevatin' dis mawnin'?

Deacon Brown—Well, he sholy did raise Cain.

HOW HE DID IT.

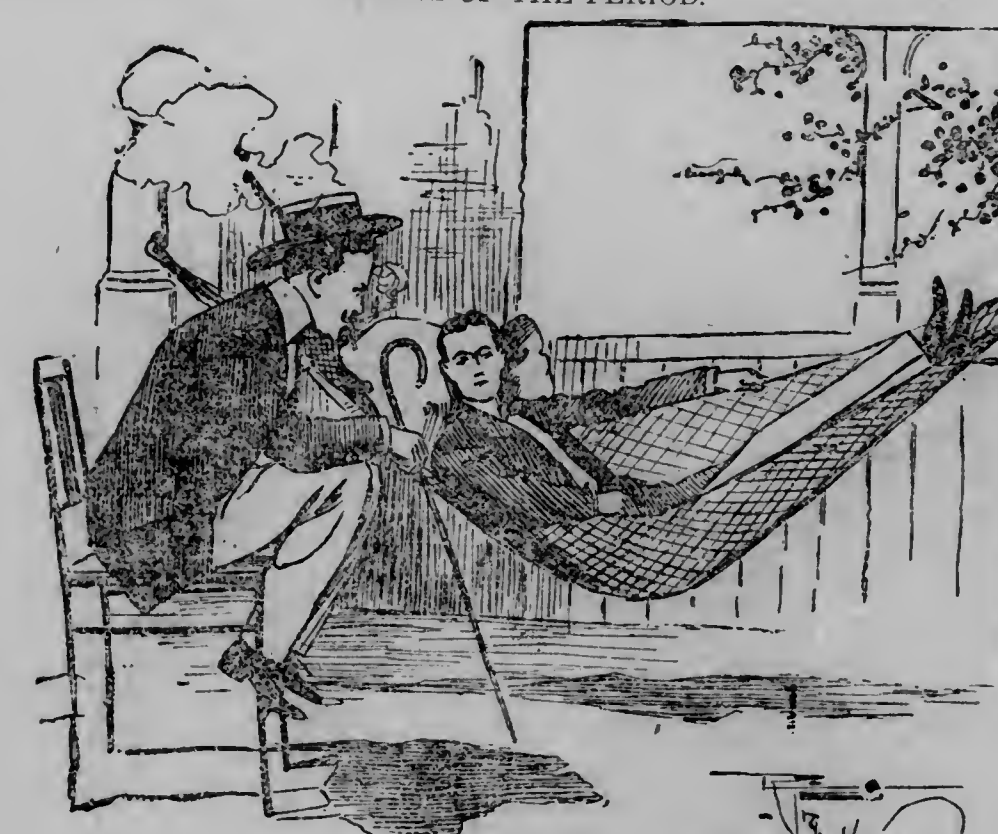

"See this man coming? Well, he is just from the Alaska gold fields, and is worth a million."
"Struck it rich, eh?"
"Oh, no, he sold revolvers and bowie knives, and had an undertaking establishment in the basement."

BEHIND THE SCENES.

He (cautiously)—If I should propose, would you say yes?
She (more cautiously)—If you knew I would say yes, would you propose.

A GIRL OF THE PERIOD.

Nodd—Why do you call Miss Philip a girl of the period?
Dodd—Because you always find her with the last word.

IN 1890.

Clerk—What can I show you, miss, something in an up-to-date bicycle suit?
Miss Twentycentury—No, I wish to see some airship bloomers, please.

NOT TO BE FOUND.

"Why did you marry that poor artist?"
"I don't see how I could have married a rich one."

Of Duluth's Neighbors

SPIRIT LAKE AND VICINITY.

Smithville, Aug. 21.—(Special to The Herald.)—Mrs. Wagoner, of Duluth, is visiting Mrs. E. D. Payne, of Ironton.

Mrs. Patrick Nacey and daughter Agnes were shopping in Duluth Saturday.

Dr. I. T. Burnside, of West Duluth, called in Smithville Thursday night. Robert Hancy spent Thursday in West Duluth.

A party, consisting of Mrs. Sullivan, the Misses Nellie, Kittie and Rose Sullivan, Mr. and Mrs. McDowell and daughters, Mrs. L. A. Folkerts and William Harbour, plunked at Fond du Lac Friday.

Mrs. V. A. Dash and son Victor spent Saturday and Sunday with friends in Onondaga.

William H. Smith and Dr. Forbes, of West Duluth, were callers in Smithville Thursday.

Don Overton is quite sick with typhoid fever.

There will not be any preaching next Wednesday evening, as the pastor, Rev. Grieco, expects to spend next week in Minneapolis.

Hazen Stevens, of West Duluth, spent Thursday here.

Mrs. Nellie and daughter Fay visited in Duluth Thursday.

Mrs. T. F. Keenan and Miss Nellie Keenan, of St. Paul, are visiting Mrs. Harkins.

Miss Edith Hermann and Miss Belle Hermann, of Duluth, are on a visit to Smithville Thursday morning.

Paul Garrett was called to his home in Minneapolis, N. W. T. to see his mother, who is dangerously ill.

Mr. and Mrs. McDowell and daughters, of Duluth, have been visiting the family of R. A. Folkerts.

Mrs. E. D. Payne visited friends in Duluth Thursday.

Allan Nelson spent Monday evening in Duluth.

Mr. and Mrs. Burns, of the West End, are spending a week with Mr. and Mrs. Edward Swenson.

The Sunday school children were given a picnic Saturday on Spirit Lake Point by the teachers. The day was favorable and an excellent time was had by all.

AT GRAND RAPIDS.

Grand Rapids, Minn., Aug. 21.—(Special to The Herald.)—At Thursday's shoot of the Itasca Gun club the six best scores were: Fred H. Webster, 21; Herbert D. Powers, 20; E. A. Krenner, 19; Dr. W. P. Brown, 18; T. S. Powers, 17; Charles Kennedy, 14. The winners of Judge Kennedy's prize was due to the valet's breezes and to the presence of a number of ladies in the grand stand. He knew they were taking particular note of his style of shooting.

A band of gypsies took possession of the green adjacent to village hall Wednesday evening, pitched their tents, built great bonfires and proceeded to tell fortunes, and to sell lemonade, cream and to cater in various ways to the entertainment of a large gathering.

The novelty was that they were taking or more of bright young ladies of St. Joseph's church for the benefit of the parochial fund, and it was a success all around.

The union service conducted by Rev. John Peterson last Sunday evening at the Presbyterian church was well attended, that a similar service will be held at the Methodist church on Sunday evening, to be conducted by Rev. D. A. McKenzie.

Twenty-one young people joined the first communion at St. Joseph's Catholic church last Sunday. Rev. Father Gamache is doing earnest and effective work among the faithful of the city.

The teachers' examination was well attended and remarkably good averages were recorded by Mrs. G. H. Silson, superintendent of schools. The school board has numerous applications for the position of principal of Central school, and in view of the high order of talent that offers, the members are undecided as to which gentleman to select.

The Bear river drive of 6,000,000 feet (about the same as the Upper Mississippi) is expected at Pokagon falls early next week.

ELY EVENTS.

Ely, Minn., Aug. 21.—(Special to The Herald.)—The steam shovel at the Chandler was being finished this morning, having finished the stockpile. A few weeks' work will finish it.

Mrs. Robert Whitely, of New York, Monday.

C. C. Ryall, who has been employed at the railway yards, has been removed to the Canadian boundary.

The United States geological surveying party, who have been employed near Lonsdale, have just returned to town, broke camp Monday and moved to Fall Lake, where the work is now being carried on. The party comprises ten men.

Henry Harwood and wife, of Ishpeming, are visiting at the residence of Mr. and Mrs. H. B. Sturtevant for a few days.

Guest Johnson departed Tuesday morning for Cleveland, Ohio, in charge of four moose, which he had secured at that place. Mr. Rockefeller owns them. The animals have been in Mr. Johnson's care for several weeks and were thoroughly domesticated. They were secured by the Indians near the Canadian boundary.

Judge Cowling returned Saturday evening from his fishing trip near Two Harbors. As many as forty speckled trout were caught by the party in one day.

Mrs. C. W. Sargent and daughter, of Two Harbors are visiting with Mr. and Mrs. William Schutt for a few days.

The next persons to be roped in by the sheriff in this vicinity will no doubt be the cannily and clever men for selling cigars and tobacco to children under age. The law should be enforced.

A new pump arrived Tuesday for section 26.

Mrs. Charles Scheffer returned Tuesday evening from a visit in Duluth.

S. S. Smith, of Duluth, was in the city Wednesday.

Robert Whitely came up from Duluth Tuesday evening.

John Paul, who has been employed in the city the past summer, departed for his home in Norway, Mich., Tuesday morning.

Mrs. William Gardner departed Wednesday for British Columbia to join her husband, who had preceded her several months.

Harvey Sheridan and Peter Connors left Wednesday for Dakota to take in the harvest.

W. J. Bates and J. Stein, of Virginia, were in the city Tuesday evening.

W. H. Morgan, of Minneapolis, spent Tuesday in the city.

W. M. Smith, of Duluth, was in the city Monday.

The holiday of Two Harbors, was in the city Monday.

The Torbett Concert company will appear at the Opera house on Aug. 23.

306 West First St., Opp. Board of Trade. French & Bassett Building.

If you pay less you get less, no use denying the fact.

A LITERARY TREAT

Now Ready For All Readers of the Herald.

A BOOK OF BOOKS. Something like six thousand new books are published in this country every year. England produces annually another vast library. It would take the lifetime of one man to read even this product, and many a lifetime to get to the accumulations of the past. What is to be done, then, if we are to be familiar with books and call ourselves "well read" men and women? There is a very satisfactory answer to this question in the annals of progress of Charles Dudley Warner's "Library of the World's Best Literature." This may be truly called a book of books, for it contains the cream and essence of all the best books that have been made in the annals of literature. This it presents first in the form of chosen extracts, their very best as to matter and style, from over a thousand of the world's most famous authors. Enough is given in each case to show the author's range, peculiarities and powers, and always of a quality to charm or interest the modern reader. In addition to this, each great author is treated historically and critically in an essay by a modern writer who has made special study of his works. These essays are not the work of hack writers, but of such men as Andrew Lang, Henry James, Professor Dowden, Leslie Stephen, Dr. Lyman Abbott and others of like eminence. There are also chapters, by noted living men, on the various types of ancient and oriental literature, on sacred writings, on developments of national or classical forms, and other events that go to make up a complete history of literature. Finally there is a brief analysis of every great book, play or poem that has ever been written in any tongue, of the best specimens of oratory and the choicest morsels of wit and humor that have charmed every people.

Whether for recreation or instruction we have never seen a work more worthy than this "Library" of a place in the home. It is practically inexhaustible. It has reading to suit every age and every taste. It discusses almost every topic that has ever deeply engaged the human mind. Its poetry is a collection of the masterpieces of the bards of every land and time. Either for the busy man or student it is the work of all others to have at hand when the hour of opportunity presents itself. In typography, illustration and make-up it is up to the highest standard of modern taste.

A postal address to Harper's Weekly club, Pioneer Press building, St. Paul, Minn., will bring you specimen

pages and complete information regarding the low introductory price at which the library is now being offered by the club.

FIDELTY LODGE No. 105, A. O. U. W. PICNIC POST- PONED TILL TOMORROW, AUG. 24, AT LESTER PARK.

LAND COMPANY PROTESTS.

Lakewood Company Appeals From Commissioners' Award.

Notice of an appeal by the Lakewood Land company from the award of the commissioners in proceedings to condemn a right-of-way for a track to a pump house at Lakewood was served on Mayor Truesdell by Sheriff Sargent Saturday evening. The grounds of appeal are that the act under which the proceedings were had is unconstitutional; that the city has no power, either under the act or otherwise, to exercise the right of eminent domain to obtain property for railroad purposes; that the award is unfair and wholly disproportionate to the value of the land taken; that in making the award the commissioners did not consider the value of the property to be taken as well as the damages to be incurred; that in making the award the supposed benefits or advantages accruing to other property of the Lakewood Land company were considered, when in fact there are no present advantages, and finally, that the taking of the property is not demanded by the public interest.

The proceedings were, it is further alleged, irregular in that the commissioners did not cause a survey and plat of the property to be made and filed with the city clerk; that no notice of that the proceedings do not comply with the act authorizing the exercise of eminent domain by railroad companies; that a survey and profile of the proposed street or highway was not filed with the board of public works or register of deeds; and that the commissioners did not comply with the laws governing the city relative to the opening of streets and highways.

THEY ARE HOPEFUL.

Pennsylvania Furnace Men Look For Big Increase In Iron Industry.

The party of Carnegie furnace men that arrived in Two Harbors Saturday on the barge Andrew Carnegie, consisting of James Scott, manager of the Lucy furnace; Charles McCrery, manager of the Dunbar furnace; and W. H. Smith, general manager of the Union railroad, the Carnegie line connecting Conneaut and Bessemer, Pa., arrived in the city at 6 o'clock last evening.

Mr. Scott and Mr. Dunbar are very hopeful of a great improvement in the iron and steel business and look forward to next season as the most prosperous that has been enjoyed for many years. Mr. Scott said that the furnace men expected a great demand for furnace products. The cheap iron made possible by the Minnesota ranges and production must increase the foreign market, and in addition to this the market will be better than it has been for a long time. The railroads of the country are doing a big business at profitable rates, which will make it possible for them to relay many miles of worn-out tracks and extend lines into new territory. This will result in big orders for steel rails, which will keep the furnaces busy. So certain are the furnace men that great activity will be the rule in their line next season that they are making preparations for the biggest season ever known.

The party will leave this afternoon for Marquette, where they will make a short stay before returning to Pittsburgh.

Is a Model.

The new boat house just completed at the life-saving station is a model of its kind and Capt. McKenzie has spared no pains to make it so. There are two boat wells on the main floor over which the big English model life-boat and one of the surf boats hang on tackles just as if they were hanging from the davits on a vessel. They can be lowered and manned at a minute's notice and out of the house in less time than it took formerly to get ready for a start. Such perfect system is employed around the station, that should almost as quickly as the fire department gets out when an alarm is given. There is a fine storeroom in the half-story over the main floor and a spacious lookout tower with a commanding view of the lake, harbor and river.

The cook's excursion which was to have been given on Saturday evening, has been postponed until Wednesday evening. The steamer Mayflower and barge Tourist will leave foot of Fifth avenue west at 8:30 p. m.

Don't fail to attend St. Mary's hospital excursion Tuesday night, tomorrow.

IS MAKING PROGRESS

City Is Getting Along Well With Its New Water Plant.

ELEMENTS DELAY IT

Bad Weather Is Responsible For a Good Deal of Delay.

Work on the supplementary water system is progressing as rapidly as the somewhat untoward weather will allow. Contractor McDonnell has cleaned and grubbed the low-level reservoir site and the work of removing the top soil is progressing. He is rushing the work on his contract for excavating the trench west from Fortieth avenue east. In the few days that his men have been at work, the ditch has been completed to the intersection of Cambridge and Superior streets, a distance of about 100 feet. The ditch will go under the southerly street car track at Fortieth avenue east, and at Cambridge and Superior streets. The street railway company will probably put in cars to the north track. At present, cars are switched at Twenty-fourth avenue east and at Forty-sixth avenue east. The attempt to use a single track for this distance has been found to result in vexatious delays.

The rain has washed considerable dirt into that portion of the ditch covered by the King & Steele contract, from the river to Fifty-fourth avenue east, which will cause a slight delay in the test of the pipe at that point. The work of pumping out the water from the test is progressing today and it is hoped that the delay will not be lengthy.

The force main from Sixtieth avenue east to the Lester river bridge, which was washed out by the storm of July 3, has been rebuilt on a rock bottom, which will prevent sagging at the point of junction with the pipe, excavated east, which will cause a slight delay in the test of the pipe at that point. A slight sagging at this point would start the rivets and result in great damage. A dry wall has been put in from Sixtieth avenue east to the bridge to prevent the street from going into the ditch. The rebuilding of the wing wall of the bridge, which was destroyed by the storm of July 3, has been finished.

A new departure in the matter of letting contracts on the work of excavating and pipe laying is recommended and has not yet been adopted. It consists in adopting the plan of letting to one contractor the entire work of furnishing the material, excavating the trench and laying the pipe. In this way one chief cause of delay, the delay in getting the material, is avoided. Both the engineering department and the board of public works agree that the present system is fatal to expedition. The trench is dug by one contractor, the material is furnished by another, the pipe is turned over to the contractors for laying. Of these three, two, one on the force main and one on the river line, each with a separate force of men, because of lack of co-operation and the trouble over delays caused first by one and then the other of the contractors, there is a never-ending three-cornered dispute as to who shall be responsible for the delay in the ditch which the city and the pipe contractors take part.

That by making one bite of the cherry and lumping the whole thing in one contract, the delays and disagreements of the majority who have given the subject much thought, will be avoided.

The contracts for valves have been already let, and are, of course, expected, as well as the contracts for the hydrants.

HAY CROP GOOD.

Mr. Fischen, of Hermantown, Talks of the Crops.

Peter Fischen, chairman of supervisors of Hermantown, was in town today. Mr. Fischen says that the hay crop in his township was excellent, but that the farmers here have not secured it in good shape owing to the wet weather. The root crops, he says, are not up to the standard this year, particularly the potatoes, they having been drowned out early in the season. On the whole, however, he thinks that the farmers around Hermantown and the lakes have no great reason to complain as they are getting good prices this year for everything they have to dispose of.

For Charity and Pleasure.

Don't forget to attend the moonlight excursion Tuesday night, tomorrow. Tuesday evening, Aug. 24. It's for a good cause. To endow a free bed for the poor in St. Mary's new hospital. Married men take your wives and families. Young men, take your lady friends. A grand musical program will be given in the salon, and Flatau's full string orchestra will also be present. A good time for all. Tickets can be procured on the dock. Boat leaves sharp at 7:30. Street cars will meet return boat by special arrangement.

Don't fail to attend St. Mary's hospital excursion Tuesday night, tomorrow.

NEXT TO CHICAGO.

A Chicago Man Gives Duluth That Future Place.

George G. Wilcox, a prominent Chicago lumberman, his wife, Mrs. George W. Wilcox, of Chicago, and Mr. and Mrs. Benedict, of Aurora, Ill., are guests at the North West for the return trip tomorrow. They have visited Two Harbors and the neighboring towns and are much impressed with what they have seen. Mr. Wilcox is particularly enthusiastic regarding Duluth and her future. He says that the people here do not realize how great a city she is destined to become. He says that he has seen the city from the air and that it is half inclined to accept Duluth as the place of honor next to the big Lake Michigan town. Mr. Wilcox has decided to invest his spare capital in Duluth.

CITY'S ECONOMIES.

Cut of \$18,000 Per Year Contemplated In the Fire Department.

A reduction in the fire department is in prospect. It is understood that some of the commissioners, at least, are in favor of cutting down the annual expenditure in the sum of \$18,000. As outlined, the plan is to discontinue fire No. 3, at Sixth street and Fourth avenue west, the lease of which expires in November, the steamer now at that house to be transferred to No. 1 hall. Hose company No. 5 at No. 1 hall would, in that event, be done away with. This change would make possible a reduction of eight men. The other reductions in the force could be effected, it is thought, by dispensing with two men in Marshall county, with three at headquarters and four new men taken on last summer.

The contemplated dismissal of thirteen men from the police department would effect a further saving of \$10,000 annually, making, with the reductions outlined above, a total curtailment of \$28,000 in the yearly expenditure.

WANTS IT ENDED.

One Woman Who Finds Her Marriage a Failure.

Annie E. Lura has entered an action for divorce from her husband, Edward J. Lura upon the grounds of desertion and non-support. Edward, says Annie, is a big, husky fellow, well able to support himself and his wife, and she thinks that this thing of having to get along without any aid from him is growing monotonous and she does not propose to put up with it any longer. Three years ago, at the village of Stephen, in Marshall county, Minn., Annie became the bride of the husky Ed, but after the waning of the honeymoon and at the end of six months, the faithless Edward left her to work her own way in the cold, cold world. Therefore Annie humbly prays the court to dissolve the tie that binds her to her able-bodied, but recreant husband, and to give her permission to resume the name of her innocent maidenhood.

The Leading Specialist of America

—36 Years' Experience—

250,000 Cured.

WE CURE GLEET

Thousands of young and middle-aged men are having their sexual vigor and vitality continually sapped by this disease. They are frequently unconscious of the cause of these symptoms. General weakness, unnatural discharges, failing manhood, nervousness, poor memory, irritability, at times smarting sensations, sunken eyes, with dark circles, weak back, general depression, lack of ambition, varicocele, shrunken penis, etc. GLEET and STRICTURE may be the cause. Don't allow anyone to experiment on you. Consult specialists who have made a life study of diseases of men and women. Our NEW METHOD TREATMENT positively cures you.

We treat and cure EMISSIONS, VARICOCELE, GLEET, STRICTURE, IMPOTENCY, SECRET DRAINS, UNNATURAL DISCHARGES, EYE, EAR, NOSE, THROAT, HEART, LUNG, BRAIN, NERVE, STOMACH, KIDNEY and BLADDER DISEASES. Dr. S. Clay Todd, 1224 Tower avenue, West Superior, Wis. Hours, 9 a. m. to 9 p. m. all this and next week. Permanently located.

Free treatment until cured. Consultations free. Make one call. Waiting rooms open from 8 a. m. to 9 p. m.

BELOOCHISTAN CHIEFS ARRESTED.
Suspected of Intrigues Against the British Government.

Dumlay, Aug. 24.—The bridges in the Upper Punjab are strictly guarded by small bodies of troops. It is reported that when the Mohammedans attacked Fort Shalidan they burned all the sacred books of the Sikh temple there. This excited the greatest indignation among the Sikhs, throughout the province and the Sikh troops on the frontier are greatly incensed.

The plague is increasing in Poonah. The Bombay Gazette announces that three of the principal chiefs of Beloochistan, Sirs, Mehrat Khan, Gomechhakis and Yarmahomed were arrested on their arrival on the Muskhaf train, in which they had been induced to come to Quetta to meet the governor general's agent, who arrived on a special train shortly before. Gomechhakis is son-in-law of Sirs Arid Khan, one of the most loyal chiefs in Beloochistan. All three of the chiefs are arrested along to the Sarabhan division of Beloochistan. They are suspected of having engaged in intrigues against the government, and it is said have been disaffected for some time. The arrests caused a great sensation among the Mohammedans and further important developments are expected.

BREAK OF FIVE CENTS

Wheat Tumbled With Startling Rapidity and the Chicago Price Five Cents Lower.

LOWER AT LIVERPOOL

A Sharp Decline In English Markets and Heavy Selling at Chicago Responsible.

Wheat continued on the toboggan slide today. The market went throughout the session and there seemed to be nothing to give the price any support. Traders were apparently afraid to do anything on the bull side, in the face of the sharp break in the Liverpool market. The Chicago market was a leading trader on the Chicago board. The net loss at Chicago was 5c and at Duluth 5 1/2c. A prominent feature of the day's business was the decided change in the relative positions of the December and September options at Chicago. Before the closing there 1 1/2c below September, which lent strength to the story that the bull clique operating in that market has closed out all its December wheat and now has only a line of September wheat. The coarse grains also joined in the decline, barley losing 3c a bushel, rye, 3c, and oats, 1c, on the Duluth board.

THE BREAK AT CHICAGO.
Weakness in Liverpool and Cudahy's Selling Responsible.

Chicago, Aug. 24.—Wheat broke 5c a bushel today and closed within 5c of the lowest figures of the session. Weakness in Liverpool and selling here by Cudahy were largely responsible for the slump, although the market was in shape to break when Cudahy began. The price was given no support and for over an hour after the decline was started. The market was not broad, on the recent boom. When the close it was claimed that the December wheat of the bull crowd had all been liquidated and that they only had now a line of the September option. The decided change in relative prices of the two options was the feature of the trading. September, which sold up to 90c, fell to 85c, while December, which sold at 85c, fell to 80c. The regular opening of the market was somewhat less than 90c, while December, which sold at 85c, fell to 80c. The regular opening of the market was somewhat less than 90c, while December, which sold at 85c, fell to 80c.

ON THE DULUTH BOARD.
The Break Was Even Greater Than at Chicago.

Trading was active on the Duluth board and there was considerable selling on the part of the bull crowd. After the first half hour, September wheat opened 1/2c lower at 97 1/2c, quickly recovered to 97 1/2c and sold up to 98c. In the next half hour it broke 1c to 97c and fifteen minutes later had shot down to 96c. Within the next hour it had sold down to 95 1/2c, reacted to 96c and dropped again to 95 1/2c. A decline to 95c occurred before noon. A brief rally to 95 1/2c was followed by a final slump to 94 1/2c, at which the last sale was made. The close of the corn buyers at 92c, a decline of 3 1/2c for the day. The shipper bought 6000 bus of old cash wheat at 92c, the highest bid, new 92c. The miller bought 6000 bus of new wheat at 1 1/2c over September. There were no sales of old cash wheat. The market for old cash wheat was 1 1/2c, yesterday's close, at \$1.00, a loss of 5c. Rye sold 3c and oats dropped 1c for sale after the first half hour.

Talks With Firms on the English Corn Exchange.

New York, Aug. 24.—A dispatch to the World from London says: Great excitement prevailed on the London, Liverpool and Glasgow corn exchanges over the sensational advance in the price of wheat. A World Representative spent some time on the London exchange and spoke with leading authorities in the trade on wheat prospects.

Oscar E. Rich, manager of the great house of Ralli Bros, said: "This big and sudden rise has taken us completely by surprise over here. I don't consider it is justified by circumstances. At the same time our market is firmer than ever and the price will hold for some time apparently. It is due, in my opinion, to various causes, purely speculative and surprising."

Mr. Wood, of the leading firm of W. P. Wood & Co., of the corn exchange, said: "The outlook depends, in my opinion, on the financial situation on the other side. If there is no money in the United States, I believe wheat will go up another 20 cents. They are selling it at 1 1/2c in New York, America to the Cuban provinces, where they have never imported it before."

(Continued on page 3.)

JOYFUL KANSAS FARMERS.

Crowding Their Wheat Into Towns For Early Sale.

Kansas City, Mo., Aug. 24.—Farmers throughout Central and Western Kansas are using every means possible to get their wheat on the market at the present high prices. Teams block the streets of many towns, and mills and elevators are crowded to their utmost capacity. The railroads in many of the larger towns are blocked with loaded cars which cannot be moved.

TO PREVENT A HANGING.

Negroes Said to Be Planning to Stop an Execution.

Cincinnati, Aug. 24.—The Times-Star special from Fayetteville, W. Va., says Governor Atkinson has ordered a company of militia to prevent an alleged attempt to rescue Jerry Brown from hanging this afternoon. It is said 400 negroes are camped in the woods near where the scaffold is erected, with the purpose of preventing the execution. They claim that Brown should be given his life until Voires, who was to have been hung at the same time, but who escaped, is captured.

LUETGERT'S TRIAL.

Prosecution Scores a Point on the Defense By Coinciding In an Objection.

Chicago, Aug. 24.—The prosecution turned a clever trick on the defense today in the trial of Adolph Luetgert for the murder of his wife, by practically acquiescing to the objections of the defense to drawing a jury under the new jury commission law.

The defendant recovered his self-possession and smiled and said pleasantly with his lawyers and son Arthur, who was called to the stand, that he desired to withdraw the plea of not guilty entered in this case.

There was a trace of the sensational in the remark and the spectators leaned forward eagerly, but the lawyer next entered a motion to quash the indictment, and the court said to each and every count.

U. S. Attorney Deenen had no objection to the putting of such a motion.

The motion overruled, and the court. An exception was taken and the case before the supreme court on appeal.

The roll of the veniremen summoned today under the new law was called, and after it showed that the 100 summoned were in court, Attorney Vincent, for the defense, arose and objected to the roll, assigning twenty-eight reasons for his objection. Vincent's Attorney McEwan replied to the objections, but the court sustained the law was not special legislation as asserted, but making no special objection to the drawing of the jury under the old common law.

When argument was concluded Judge Tenthall said he did not desire to place the prosecution in a position where it would not think the state should be called upon to test any new law in the trial of a case. The defense was acknowledged to be, and more than the reasons assigned to the court, but the court sustained the law was not special legislation as asserted, but making no special objection to the drawing of the jury under the old common law.

MOUNTED POLICE FOR KLONDIKE.

Canadian Government Has Ordered a Detachment to Start.

Ottawa, Ont., Aug. 24.—The minister of the interior has left for a brief holiday on the Atlantic coast, but before his departure it was to the effect that a small detachment of mounted police should at once proceed from Edmonton, Alberta, and endeavor to reach the Klondike country from the east by the route of the Canadian Northern railway. The detachment is to consist of three men. The Atrids afterward burned the fort. The fate of Fort Al Musjid, which was simultaneously attacked by the Atrids, is not known.

GREAT LAKES FISHERIES.

English Company Absorbs a Lot of Smaller Concerns.

London, Aug. 24.—Edwin Corbin, of Chicago, has closed a deal amalgamating the United States and Canadian lakes fisheries companies, whereby the control of twenty companies passes into the hands of a British company with \$1,000,000 (\$5,000,000) capital. Mr. Corbin sails for the United States next week, accompanied by a staff of British accountants, to take control of the business and initiate it into one solid corporation.

SUICIDE WHILE DERANGED.

Detroit, Mich., Aug. 24.—The body of Arthur C. Condit, a board of trade operator, who disappeared last Thursday was found on Belle Isle, this morning. Around his neck a handkerchief had been knotted and twisted with a lead pencil until the victim strangled to death. Condit is said to have lost considerable money in speculation and was partially deranged.

BIKE OFFICIALS.

Chicago, Aug. 24.—Chapman W. L. Kretzenbach, road records committee for the United States, has been elected Skinkle has appointed A. O. McGarrah, of Boston, his successor. Mr. Skinkle also a member of the committee has been supplanted by Fred Tilt, of this city. Mr. Kretzenbach's business engagements are so pressing that he is unable to give the work the attention it requires.

SILVER STILL FLOWING.

New York, Aug. 24.—Silver broke its record again today, falling to 23 1/2c in London, which is 1/2c below the previous low point, and 1 1/2c in New York, which is 1/2c below the previous record. Mexican dollars sold at 20 1/2c.

QUAY IN CONTROL

His Candidate For Treasurer of Philadelphia Nominated By the Republicans.

M'MICHAEL CHOSEN

Nominee Is Proprietor of the North American and a Quay Partisan.

Philadelphia, Aug. 24.—For the first time since the control of the Republican organization in Pennsylvania was wrested from Senator Quay by the disaffection which prevented the nomination for the majority of Boise Penrose, now United States senator, a regular Republican convention representing every faction in this city today nominated with practical unanimity a pronounced Quay partisan by naming Col. Clayton McMichael, proprietor of the Philadelphia North American, and a director of the Associated Press, who is one of the recognized city leaders in Eastern Pennsylvania, for city treasurer. The senators and members of congress interested had united in naming Col. McMichael to succeed the Democratic postmaster in Philadelphia, and he said today he entered the contest for the city treasurerly only because the friendship of all factions united upon him to perfect the Republican harmony, which places Senator Quay in what is regarded as undisputed control of the Republican state organization.

All of the newspapers, Republican, Democratic and Independent, make complimentary comment on Col. McMichael's selection, referring in eulogistic terms to his career, beginning with his entrance into the military service of the war before he was 17 years old, as probably the youngest commissioned officer of the regular army and continued to the present through a lifetime prominent in military affairs, in politics and in active journalism.

Other nominations were: Register of will, H. R. Hackett; common pleas judges, F. A. Broey, Charles Y. Anderson and William F. Witham; nominated: orphans central, Judge Ferguson, renominated.

FRANCE IS FELICITATING.

Faure's Russian Reception Gratifying to the Frenchmen.

Paris, Aug. 24.—All the newspapers, except the Socialist organs, declare that the Czarist demonstration in honor of the French president, a landmark in the history of France and Russia, as well as of other nations, and furnishes incontestable proof of the important position France has regained in the world. A dispatch to the Journal from St. Petersburg says that the czar's decision to meet President Faure at Cronstadt was reached against enormous pressure upon the part of the German party.

The dispatch adds that the officers of the French squadron at Cronstadt were entertained yesterday by the Russian colleagues. Numerous decorations were gained in the world, a medal to every sailor. The officers and sailors of the cruiser Bruix, which was compelled to return to Dunkirk, owing to her machinery being disabled, will receive the same present, as it they had been able to participate in the festivities.

AFRIDS DEFEAT BRITISH.

Capture Fort Maude In Khyber Pass After Hard Fighting.

London, Aug. 24.—An official dispatch today from Simla announces that Fort Maude in the Khyber pass, has been captured by the Afrids after desperate fighting. The garrison, which was composed of native levies, known as the Khyber rifles, retired with the loss of three men. The Afrids afterward burned the fort. The fate of Fort Al Musjid, which was simultaneously attacked by the Afrids, is not known.

THE WRECK OF THE MEXICO.

Captain and Pilot Are Both Severely Injured.

Seattle, Wash., Aug. 24.—Severe censure upon the master and pilot of the lost steamer Mexico is heaped upon Capt. Thomas and Pilot Connell by the port of William J. Bryant and C. C. Cherry, United States local inspectors of steam vessels. The inspectors took exhaustive testimony to enable them to get at the facts and to fix the blame for the loss of the steamer. They found that the rock which she struck was not only marked on the chart, but that the captain ought to have kept away from "such a foul and dangerous coast."

BRAZIL FEELING HOPEFUL.

London, Aug. 24.—A special to the Times from Rio Janeiro says: A more hopeful feeling prevails here owing to the fact that a judicial decision will be signed this week ordering the liquidation of the Leopoldina railway, thus facilitating a reconstruction scheme. It is also popularly believed that some arrangements will be made in Europe enabling the government to meet all present obligations and to pay the January coupons. The coffee crop promises to reach 10,000,000 bags as against 9,000,000 last season.

AT THE GLASS BLOCK STORE

Tomorrow Night, Wednesday, August 25th from 7 to 10:30 p. m.

offered by us for the best Bouquet or Design of Wild Flowers gotten up by children under 15 years of age.

First Prize \$5.00
Second Prize \$3.00
Third Prize \$2.00....

PANTON & WHITE.

DEATH A MYSTERY

Michael Conlon's Death Took Place Today Under Very Curious Circumstances.

HEAD WAS CRUSHED

Foul Play Is Suspected and an Inquest Will Be Held Tonight.

Michael Conlon, a teamster residing at 312 East First street, died at St. Mary's hospital this noon from injuries resulting from a blow on the head inflicted by some person or persons at present unknown.

Conlon received his injuries a week ago Monday night some time between midnight and 5 o'clock Tuesday morning. How or where is a mystery that the police have, so far as known, absolutely no clue on which to work.

On the night named, the Conlons were entertaining company. About 11 o'clock, Conlon went out saying that he was going to walk up to the skating rink. The next that was seen of him that night was in St. Mary's saloon, at 221 East Superior street, at midnight.

Conlon was then somewhat under the influence of liquor. He was heard to say that he was going out to look for Janitor Irlan of the city hall, with whom he said he had trouble, to "do him up." The next morning he went into the stable of the Val Blatz company, on Railroad street, near Lake Avenue, and asked to be allowed to lie down.

The men let him lie down in a corner. They said that he had been drinking and acting queerly, and that they had let him lie down in the stable.

At about 11 o'clock, Conlon was found lying on his back in the stable, with a large pool of blood on his head. He was taken to St. Mary's hospital, where he died at noon.

The police have discovered that the man who was with Conlon at the time he was found in the stable, was a man named Janitor Irlan, who was a janitor of the city hall.

The police have also discovered that the man who was with Conlon at the time he was found in the stable, was a man named Janitor Irlan, who was a janitor of the city hall.

NO MORE WAR.

The Three Rival Tug Lines Come to an Amicable Agreement.

The "tug war" entered into another phase yesterday. The recent visit of Alderman Barry of Chicago to Duluth was generally supposed to be an avant courier of peace and last night a protocol was signed at a meeting of the contracting parties and after a friendly debate a formal treaty of peace was signed between the Duluth tug lines, the White Star line, the Human line and the Barry Tug line.

Article first provides that every tug shall be allowed to burn as much coal as is seen in it making a "water haul" or chugging down the lake after loads. Article second says that coal rates as fixed are to be strictly observed and any breach of this article will exclude the offending line from all the common benefits of the harbor.

By article third, Capt. J. J. Rose, the vessel broker, is appointed referee and his decision is to be final.

PERSONALS.

Dr. G. W. Davis and children have gone to Pontiac, Mich., for a month's visit.

D. S. Mathias, of Chicago, who is connected with the Illinois Steel company, arrived in the city yesterday and left today with President J. L. Greaves for a trip over the Duluth & Iron Range road.

Mr. Sullivan returned on the North West last evening from his Eastern trip.

Mrs. W. M. Wardell and Mrs. W. E. Edwards, of Duluth; Mrs. E. F. Plaus, of Bay City, Mich.; and Miss Mary K. Yabick, of Chicago, have gone to St. Paul for a few days.

A. L. Morris, a former resident of Duluth and superior, where he was connected with the press of both cities, is here from his new home in Salt Lake City, Utah, where he is on the high road to prosperity in connection with several prominent business men.

Martha Scott Anderson, editor of the women's department of the Minneapolis Journal, is in the city attending the W. C. T. U. convention.

George C. Blackwood left last evening for Chicago, where he will join the Minnesota veterans on their special train for Buffalo to attend the encampment.

Mrs. Louis Roucheau and daughter Ellen are spending a few weeks at Lake Minnetonka.

Ex-Detective Dan Coughlin, of Chicago, returned last evening from the police force are visiting friends in the city.

Israel Borgstrom, the well-known and versatile political speaker, who did much effective campaign work upon the gold standard side last fall, is visiting friends in the city.

J. A. Sullivan and wife, of Sparta, were in the city today on route home from an Eastern trip.

James D. Wood, postoffice inspector, is on his way to Carlton today on official business.

H. B. Sturtevant, superintendent of the Flourmillers' Elevator, is in the city today and registered at the Spaulding.

W. R. Taylor, of Minneapolis, is a guest at the Spaulding.

J. A. Newell, of St. Paul, was in the city a few hours today.

F. N. Fraser, traveling passenger agent of the Omaha road, with headquarters at St. Paul, is at the St. Louis.

John L. Wolfson, saloon, at Superior street and Second avenue, where he, Brian, was there, but Conlon said nothing to him.

BOILERMAKERS OUT.

Men Employed By King & Steele on the Waterworks Have Struck.

The boiler makers employed by King & Steele on the city hall, today (Tuesday) morning and are still out.

The men met Monday night and paid in cash and that they got their wages every two weeks instead of once a month.

They claim they have to discount their time checks from 7 to 10 per cent, and they say that the company is not getting the full value of the checks and that they are being treated unfairly.

They say further that under the present arrangement the company is not getting the full value of the checks and that they are being treated unfairly.

They are issued before they can get the money from the firm.

NORTH WEST'S PASSENGERS.

Another Large List Went Out This Afternoon.

The North West took out one of its largest passenger lists this afternoon, and among those who figured upon it were the following:

To Buffalo—J. Freimuth, Duluth; Miss Graham, J. Walden, E. H. and J. M. Graham, E. H. Agler, W. M. Richardson, Boston; Mrs. E. H. Agler, Mrs. Kennedy, Mr. and Mrs. E. W. Folsom, J. H. Morgan, Minneapolis; L. L. Cook, Dr. and Mrs. G. W. Cook, Washington, D. C.; E. C. Earnshaw, Mr. and Mrs. R. C. Christopher, Philadelphia; William Kelly, Robert Kelly, West Superior; J. W. and Charles Crocker, Williamsport, Pa.; J. G. Buckley, Geneseo, N. Y.; J. Park Channing, Sparta, Minn.; Dr. Mackey, Dr. W. C. Dean, Misses E. and M. Kay, C. F. Hoffman, Jr., New York; Mrs. G. W. Beyer, Mrs. Y. R. Hankle, Cedar Rapids, Iowa; Mrs. R. McCormack, Harrisburg, Pa.; L. G. Kip, Buffalo; Mrs. and Mrs. Sweeten, New York; Mr. and Mrs. William Saunty, Stillwater, Minn.; Mr. and Mrs. S. B. Townsend, Brooklyn.

To Detroit—Mr. and Mrs. E. Price, Jackson, Mich.; Mr. and Mrs. B. N. Farlow, Saginaw, Mich.; Mr. and Mrs. E. C. Harney, Chicago; Mr. and Mrs. T. P. Day, Miss P. Day, T. P. Day, Jr., Duluth; Mrs. A. W. Colton and daughter, Toledo.

To Cleveland—Mr. and Mrs. E. K. Davis, Allen Davis, Worcester, Ohio; H. G. Bulley, H. A. Smith, New York.

To the Saint—N. Hunt, Chicago; Mrs. G. H. Jott, Evanston, Ill.; C. F. Corbush, Keokuk, Iowa.

To Mackinac—J. B. Campbell, J. K. Hall, Miss Hall, Mrs. Campbell, Erie, Pa.; Mr. and Mrs. J. H. Shroshire, Lexington, Ky.; Misses R. and J. Fessenden, Cincinnati; C. C. Hewitt, Morgantown, N. Y.; Mr. and Mrs. John Robinson and daughter, New York; Miss E. Ely, Mrs. G. B. Ely, Boston.

Don't fail to attend the moonlight excursion on the steamer Peerless this (Tuesday) evening. Benefit of St. Mary's new hospital. Boat leaves N. P. dock at 7:30.

BUFFALO CROWDED

Grand Army Encampment Is Drawing Vast Crowds to the City.

PARADE TOMORROW

President McKinley and Other Notables Will Review the Marchers.

Buffalo, N. Y., Aug. 24.—Another beautiful day greeted the veterans of the G. A. R. today. Crowds are still pouring in. All night long trains were arriving at brief intervals, depositing thousands of veterans and sight-seers. This morning all veterans and sight-seers are still pouring in. All night long trains were arriving at brief intervals, depositing thousands of veterans and sight-seers.

The president will be met by a reception committee and escorted by mounted police, 200 soldiers of the regular army, and local and visiting posts of the G. A. R., to the Niagara hotel, where he will stop during his stay here. It is expected that Governor Black will accompany the president. The program for the day also includes a parade of the railroad corps, a convention of the national veterans, an illumination of the city, a campfire of ex-prisoners of war and numerous receptions tendered by the ladies of the various auxiliary bodies. During the day many organizations will hold reunions.

The different railroads centering here have given estimates of the number of passengers leaving the city during the twenty-four hours ended at midnight. The total foots up 145,000. As the railroads are very busy, it is estimated that there will be 150,000 arrivals before the big parade tomorrow, which will bring the grand total of camp visitors up to that number that has been expected right along.

The feature of the morning was the second parade of the celebration and in which G. A. R. men took part. The parade was very fine and the ex-prisoners of war association, together with the survivors of Erie county, were very prominent. The parade was very fine and the ex-prisoners of war association, together with the survivors of Erie county, were very prominent.

THE FUTURE STAKES.

Sheephead Bay's Great Racing Event This Afternoon.

New York, Aug. 24.—The weather prophet discounted all other prophets in the gut stakes in the great gut futurity stakes to be run this afternoon at Sheephead Bay. Torrents of rain last night and early this morning turned a fast track into a sea of mud and the candidates who were sent out a few hours later found a June day and a miserable swamp under hoofs. Warning of a race was given by the weather prophet, but the race was postponed.

CITY BRIEFS.

Cullum, dentist, Palladio, Phone No. 9. Smoke Eklund cigar. W. A. Foote, Mrs. Frank Hoggins, of Turkey, will speak at the Missionary society of Glen Ave. Presbyterian church, which will meet at the residence of Mrs. W. C. Sherwood tomorrow afternoon at 2:30 o'clock.

A bunch of Ballington Booth's volunteers of America will be formed at a meeting in the Kalamazoo block this evening at 7 o'clock.

The rain of yesterday interfered with the tennis tournament of the Y. M. C. A. Tennis club, and the semi-finals will not be played until the grounds are again in condition. The contestants are: Anderson against Dunlop, Briggs against Kemp, Billson against Shannon.

Dr. Schiffman, the dentist, has filed a general lien against the estate of Lenora Dubiel, who claimed that he pulled some teeth against her.

A marriage license was issued yesterday to Pascal J. Rosso and Mary C. Di Marco.

The commission appointed by the school board to revise the course of studies at the high school, finished its work last night and will present a report to the directors at the next regular meeting of the school board.

Kelly's cleaning gives a new suit. A couple of misprints in The Herald last evening made it appear that the best season opens Oct. 12 instead of Oct. 25, and that the moose open season from Nov. 5 to Nov. 10.

Over fifty prizes will be awarded for displays of flowers at the annual flower show tomorrow night.

The reception tendered to Mr. and Mrs. John D. Dwyer, who were married by the Rev. G. G. Hartley this evening will give those interested in educational matters an opportunity to meet the president of Grace and Mercy, who they have come to Duluth from a very successful school for young ladies at Terre Haute, Ind., and purpose to build up a classical institute which will compare favorably with any in the Northwest. Mr. Dwyer brings to the school years of experience and preparation in educational matters.

ILLINOIS STEEL COMPANY.

Big Plant Near Milwaukee to Resume Operations.

Milwaukee, Aug. 24.—The Journal today announces that either late afternoon or early tomorrow the Illinois Steel company will come to an agreement with the mill workers of the department, who are on strike at Bay View, by which those departments will be put into operation. The agreement which is the result of the strike, will be a reduction of 15 per cent in the wages of the steel workers and 10 per cent in the wages of the iron workers. The mill which will open tomorrow are the 12-inch mill, the 8-inch mill and the cut-off mill, which manufacture merchant iron. These departments will be the total of men employed at the Bay View plant to about 1000 men.

CASTORIA

For Infants and Children.

The fact is that Castoria is the only medicine that is so gentle and so effective. It is the only medicine that is so gentle and so effective. It is the only medicine that is so gentle and so effective.

You may never know it happened if you fail to read The Evening Herald.

NEWS OF THE LAKES.

Charter of the Shenandoah at Sixty Cents Not a Straight Charter.

Cleveland, Aug. 24.—(Special to The Herald.)—The charter of the Shenandoah at 60 cents on from the head of Lake Superior is not a straight charter. The vessel gets that rate on a load due here since last spring, but the regular rate holds at 50 cents and there is no great surplus of ore at that figure.

THE SAULT PASSAGES.

Strikers Whose Pay Was Held Back May Sue the Company.

President Ratcliff insisted that thing but the 89-cent rate could possibly be accepted. Neither side would concede another point and it was decided to end the conference.

President Ratcliff had but little to say on the matter, but gave out the following statement: "We have discussed. Our proposition remained unchanged. Besides, our proposition to infiltrate made them a second one to change the lines of bringing about a general conference of miners and operators."

Drug

A VALUABLE PRESCRIPTION.
 Editor Morrison, of Worthington, Ind., writes: "You have a valuable prescription in Electric Bitters, and I have the highest recommendation for Constipation and Sick Headache, and as a rest system tonic it has no equal." Mrs. E. Stehle, 2623 Cottage Grove avenue, says, "I was all run down, could not eat or digest food, had a backache which left her and felt tired and weary after her health on Electric Bitters restored her health and strength. Prices 50¢ and \$1.00. Get a bottle at Duluth company's drug store."
